## Understanding the Parish Budget

## Organization

St. Charles Parish Council (the Council) is the governing authority for the Parish of St. Charles, a political subdivision of the State of Louisiana, as authorized by the Constitution of the State of Louisiana. The Council consists of nine members of which two members are elected parish wide to represent the entire parish and seven members are elected to represent each of the seven districts. The Parish President, elected by the voters of the Parish, is the chief executive officer of the Parish and is responsible for carrying out the policies adopted by the Council and for administering all Parish departments, offices, agencies, and special districts.

## The Process

The purpose of the Annual Operating Budget for St. Charles Parish is to provide fiscal guidance for the upcoming year. The aim of the budget process is to determine how the limited estimated revenues will be allocated. The budget calendar for preparation of the 2014 Annual Operating Budget was as follows:

June 10 Instructional letter forwarded to departments by CFO
July $30 \quad$ Deadline for submission of budget requests
Aug - Sept. Budget draft reviewed by Parish President
Sept $20 \quad$ President's budget submitted to Council
Oct 22, 24 and 29
Nov 19
Council Budget Hearings
Council Approval of Budget
Jan $1 \quad$ Effective Date of current expense budget
When budget-request packets were sent to the various departments and agencies in June 2013, each general fund department was given a target amount determined by the Administration and Finance Department. Keeping the current economic climate in mind, department heads were encouraged to explore ways that their current operations could be streamlined and to apply savings or cost recovery measures while preparing their 2014 budget requests. Special revenue fund requests are limited by the level of resources available from their dedicated revenues.

During the Parish Presidents budget discussions, department heads are called upon to justify their budget requests and to discuss how their activities relate to the Parish Presidents Goals shown earlier in this document. The Council must hold at least three public hearings prior to adoption of the final budget. By December 1, the Council must act upon the budget, or the Parish President's proposed budget is automatically adopted effective January 1.

The responsibility for the administration of the Annual Operating Budget rests in the hands of the Parish President, through his Chief Financial Officer.

## Budgetary Structure

The Annual Operating Budget for St. Charles Parish includes various funds that are budgeted and accounted for separately. Categorized into Governmental and Proprietary, the funds are as follows:

Governmental Funds are used to account for most tax-supported activities.
The General Fund is the general operating fund of the Parish. It accounts for all financial resources except those required to be accounted for in other funds.

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes or required for sounds financial administration.

Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds).

Proprietary Funds are used to account for the Parish business type activities.
Enterprise Funds may be used to report any activity for which a fee is charged to external users for goods and services. Generally Accepted Accounting Principles require the use of an enterprise fund for any activity whose principal external revenue sources (1) are used for debt backed solely by fees and charges; or (2) are legally required to recover the cost of providing services of a particular activity (including capital costs such as depreciation or debt service); or (3) have been legally earmarked by policy decision to recover the cost of providing services of a particular activity (including capital costs such as depreciation or debt service).

## Financial Policies

## Auditing, Accounting and Financial Reporting

The Parish accounting and financial reporting systems will be maintained in conformity with generally accepted accounting principles and the standards of the Governmental Accounting Standards Board (GASB). A fixed asset system will be maintained to identify all Parish assets, their location, historical cost, useful life, depreciation method, depreciation to date, and the department responsible for asset control.

The Parish will contract with an independent accounting firm which will issue an audit opinion on the official Comprehensive Annual Financial Report. Competitive requests for proposals from qualified firms will be sought every three years. The Parish will maintain a good credit rating in the financial community.

## Basis of Accounting

All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Governmental funds are maintained on the modified accrual basis of accounting.

Governmental fund revenues resulting from exchange transactions are recognized in the fiscal year in which the exchange takes place and meets the government's availability criteria (susceptible to accrual). Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. Charges for
services, fines and forfeitures, and most governmental miscellaneous revenues, including investment earnings are recorded as earned since they are measurable and available. The Parish's definition of available means expected to be received within sixty days of the end of the fiscal year.

Non-exchange transactions, in which the Parish receives value without directly giving value in return, includes sales tax, property tax, special assessments, grants, entitlements, and donations. Property taxes are considered measurable in the calendar year of the tax levy if collected soon enough to meet the availability criteria. Sales taxes and gross receipts business taxes are considered "measurable" when the underlying transaction occurs and meets the availability criteria. Anticipated refunds of such taxes are recorded as fund liabilities and reductions of revenue when they are measurable and valid. Special Assessments are recognized as revenues only to the extent that individual installments are considered current assets in the governmental fund types. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources can be used.

Expenditures are recognized in the accounting period in which the related fund liability is incurred, if measurable, except for the following: (1) principal and interest on long-term debt are recorded when due, and (2) claims and judgments, group health claims, arbitrage payable, net pension obligation, and compensated absences are recorded as expenditures in the governmental fund type when paid with expendable available financial resources. Allocations of cost such as depreciation and amortization are not recognized in the governmental funds.

In accordance with Statement No. 20 of the Governmental Accounting Standards Board (GASB), "Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting" it is the policy of the Parish's proprietary funds to apply only Financial Accounting Standard Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee on Accounting Procedures issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements.

All proprietary funds are accounted for on a flow of economic resources measurement focus. Proprietary funds are maintained on the accrual basis of accounting wherein revenues are recognized in the accounting period in which they are earned and become measurable, and expenses are recognized in the period incurred, if measurable. Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place.

## Budgetary Accounting

Formal budgetary accounting is employed as a management control device during the year for the General Fund, Special Revenue Funds, Debt Service Funds, Capital Project Funds, and Proprietary Funds.

The level of budgetary control is at the fund/department level and expenditures may not exceed budgeted appropriations. Appropriations that are not expended or encumbered lapse at year-end.

Budgets for the General Fund, Special Revenue Funds, Debt Service Funds, and Capital Project Funds are adopted on a modified accrual basis of accounting. Proprietary funds are adopted on a basis consistent with generally accepted accounting principals (GAAP).

## Budgetary Process

The procedures used by the Parish in establishing the budgetary data reflected in the financial statements are as follows:

At least 75 days before the beginning of each fiscal year, the Parish President submits a balanced consolidated line item operating and capital budget on a modified accrual basis of accounting, in accordance with the Louisiana Local Government Budget Act and in a format established by the Parish. The Parish President also submits, with the budget, a budget message containing recommendations concerning the fiscal policy of the Parish, a description of the important factors of the budget, and an explanation of all major increases and decreases of budget as compared with expenditures of prior years. After the ordinance has been introduced, the council shall cause the ordinance, or a summary thereof to be published in the official Parish journal at least once together with a notice of the date, time, and place, when and where it will be given a public hearing and be considered for final passage. The publication shall be at least one week prior to the time advertised for the hearing. The Council is required to hold three public hearings and to adopt the budget not less than 30 days before commencement of the coming year. The Council may amend the budget before adoption, except that in no event shall the Council cause the total proposed expenditures to exceed means of financing. Budgets shall be amended only during the public hearings before adoption. If the Council fails to act on the budget within the time limit provided, it shall be adopted as submitted by the Parish President. The budget constitutes an appropriation of funds for all purposes contained therein. The budget ordinance becomes effective on the first day of the fiscal year unless otherwise provided therein.

If during the fiscal year the Parish President certifies that there are available revenues in excess of those estimated in the budget, he shall present a supplemental budget for the disposition of such revenues to the Council. The Council by ordinance may make supplemental appropriations up to the amount of the excess. To meet a public emergency affecting life, health, property, or the public peace, the Council may make emergency appropriations. The appropriations may be made by emergency ordinance in accordance with the provisions of Article IV, Section E of the Home Rule Charter. To the extent that there are no available un-appropriated revenues, the governing authority may borrow money to meet the emergency. The repayment shall be a fixed charge upon the revenue of the following year and shall be included in the operating budget for that year. If during the fiscal year it appears that revenues available will be insufficient to meet the amount appropriated, the Parish President shall indicate the estimated amount of the deficit and recommend to the Council steps to be taken. The Council shall take action as it deems necessary to prevent any deficit.

The Parish President may transfer part or all of any unencumbered appropriation balance among programs within a department or office of the Parish. Before the Council may transfer part or all of any unencumbered appropriation balance from one department or office to another, a written request is required from the Parish President. No appropriation for debt service may be reduced or transferred, and no appropriation may be reduced below any amount required by law to be appropriated or by more than the amount of the unencumbered balance thereof. The ordinance authorizing a supplemental appropriation, or a reduction or transfer of appropriations may be made effective immediately upon adoption but may not be adopted at the same meeting as introduced.

The Council adopted budgets on all of its funds. Governmental funds are adopted on a modified accrual basis of accounting and proprietary fund budgets are adopted on an accrual basis.

## Debt Issuance and Cash Management

The Parish may issue short term debt to cover temporary or emergency cash flow shortages or to provide necessary financial resources. All short term borrowing will be subject to the approval of the Parish President and the Parish Council.

The Parish will use interfund loans if cash is available rather than outside debt instruments to meet short term cash flow needs. A single consolidated bank account has been established at a local bank into which monies are deposited to and from which disbursements are made. Under state law, the Parish may deposit funds in demand deposits, interest bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having principal offices in Louisiana. Under state law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the bank. Certain pledged securities are held by the Parish's agent in the Parish's name.

State laws permit the Parish to invest in United States bonds, treasury notes or certificates, or other obligations of the U. S. Government and agencies of the U. S. Government that are federally insured, and certificates of deposit of state banks and national banks having their principal office in the state of Louisiana, or in mutual or trust fund institutions which are registered and which have underlying investments limited to securities of the U. S. Government or its agencies. In addition, local governments in Louisiana are authorized to invest in the Louisiana Asset Management Pool (LAMP), a cooperative endeavor formed by an initiative of the State Treasurer and organized under the laws of the State of Louisiana, which operates as an investment pool.

Cash and cash equivalents are stated at cost, which approximates market. Investments are stated at fair value except for short-term and money market investments; consisting primarily of U. S. treasury obligations with a maturity of one year or less at the time of purchase, and LAMP investments which are reported at amortized cost.

Securities traded in a national exchange (with maturities greater than one year at the time of purchase) are valued at the last reported sales price. Investments (with maturities greater than one year at the time of purchase) that do not have an established market price are reported at estimated fair value. Realized gains and losses on investments recorded at fair value are included in investment income.

The Parish uses a clearing account to make disbursements for all funds of the Parish. Funds with a "Due to Clearing Account" report the advance as an interfund payable and the General fund, which has been determined to be the receivable fund by management, reports an off-setting interfund receivable.

The Parish will confine long term borrowing to capital improvements that cannot be funded from current revenues. Proceeds of long term debt will not be used from current ongoing operations. The term on the bonds shall not exceed the expected useful life of the project.

The Parish will adhere to all legal and statutory limitations relative to debt issuance. The Parish has the authority to incur debt and issue bonds in accordance with a number of provisions found in the Louisiana

Constitution and Louisiana Revised Statutes. The Parish will obtain approval from the State Bond Commission prior to the issuance of any type of long term debt, as required by state law. The Parish will issue general obligation bonds only when authorized by a majority of all qualified voters voting on a proposition to issue general obligation bonds.

The sales and use tax revenue is the strongest credit source of the Parish and has been the preferred pledge for bonds issued in recent years. State law requires that annual sales tax revenues dedicated to the payment of sales tax revenue bond debt service be at least $133 \%$ of the highest year's debt service on sewer and transportation bonds and $250 \%$ on bonds supported by the $1 \%$ general fund tax. The Parish has the legal capacity available to issue considerable amounts of additional bonds based on these revenue streams. The issuance of additional sales tax revenue bonds supported by existing sales and use taxes does not require further voter approval.

The Parish Finance Department will review outstanding debt periodically to determine feasibility of refunding all or a portion of particular issues.

Parish employees will participate substantially in the bond issuance and refunding process with the assistance of the bond counsel in order to make the most efficient use of resources by timing and sizing deliveries in a manner designed to minimize borrowing costs.

## Debt Level and Capacity

The Parish will adhere to all legal or statutory limitations on debt level and capacity. Prior to the issuance of debt, an evaluation of debt capacity will be conducted based on current financial capacity, projected future capacity, statutory and constitutional limitations, and bond covenants. The Debt Service Funds section of the budget contains calculations of debt capacity for various types of debt. Public improvement and general obligation bonds accounted for in the debt service funds are serviced through the collection of parish ad valorem taxes and sales taxes. Revenues from operations service the revenue bonds accounted for in the proprietary funds.

The outstanding bonds secured by ad valorem taxes consist of general obligation bonds. These bonds totaled $\$ 17,165,000$ as of $12 / 31 / 12$. In accordance with Louisiana Revised Statute 39:562, the Parish is legally restricted from incurring long-term bonded debt secured by ad valorem taxes in excess of ten percent of the assessed value for taxable property in the parish for any one purpose. The statutory debt limit for the Parish as reported at December 31, 2012 was $\$ 125,593,253$.

## Investment Policy

The investment policies are governed by state statute and bond covenants. The investment policy will be reviewed periodically, and all amendments will be submitted by the Finance Director to the Council for review and adoption.

## Revenues

The Parish reviews each revenue stream annually in regards to factors relevant to past, present, and projected future collections. The primary sources of revenue for the Parish are Sales and Use taxes and Ad Valorem Taxes. The Parish will on occasion receive one time revenues for which the Parish will limit the use of these one-time revenues, as they cannot be relied on in future budget periods, to non-recurring expenditures in order to minimize disruptive effects on service due to non-recurrence of these sources. One time revenues may include, but are not limited to, legal settlements, bond refunding savings, the sale
of government buildings, non-recurring grants, etc. Acceptable uses of non-recurring funds include infrastructure improvements, capital acquisitions, startup costs, early debt retirement, and other expenditures of a non-recurring nature.

## Fees and Charges

The Parish will establish fees and charges to cover the costs of services provided. All fees imposed by the Parish will be approved by the Administration and established by the Council by ordinance, and will not be in conflict with state law. Cost of services include direct and indirect costs such as operating and maintenance costs, overhead, and charges for use of capital (depreciation and debt service). All fees charged will be reviewed periodically to determine the level of cost recovery for services and the reason for any subsidy. Reasons for not recovering full costs will be identified and explained.

## Expenditure Policies

The Parish will maintain a level of expenditures that will provide for the well-being and safety of the residents of the community. All expenditures made shall be for a public purpose, and no expenditures will be made which are prohibited by administrative directives, local ordinances, or federal and state statutes. Parish departments and agencies will comply with the procedures included in the Purchasing Ordinance and Purchasing Manual in the procurement of goods and services.

## Balancing the Budget

The Parish President will submit a balanced operating budget to the Council and the Council shall adopt a balanced operating budget in accordance with the budget calendar each year. A "balanced budget" is defined as one in which total appropriations do not exceed total anticipated revenues, taking into account the estimated surplus or deficit at the end of the previous fiscal year. The Parish shall maintain a balance between operating expenditures and operating revenues over the long term. If extenuating circumstances result in a deviation from a balanced budget, the details will be disclosed in the Parish President's budget message.

The calculation of operating revenues will exclude non-recurring or unstable collections. Recurring subsidies from other funds, in which the expenditures are built into the base operating budget for the fund providing the source, will be considered operating revenues. Operating expenditures will include personal services, supplies, contractual services, transfers out, and capital outlay. The Parish will avoid budgetary and accounting procedures that balance the current budget at the expense of future budgets. The budget will remain balanced throughout the year.

## Stabilization of Funds

The Parish will maintain an appropriate level of financial resources to protect against reducing service levels or raising taxes and fees because of temporary revenue shortfalls or unpredicted one-time expenditures. A designation of Minimum General Fund-Fund Balance will be made at the end of each year equal to at least $5 \%$ of total Governmental Funds budgeted appropriations with a bottom line reserve of $\$ 7$ million. Consideration will be given to cash resources available to the fund when determining designations. On November 21, 2010, the St. Charles Parish Council adopted an ordinance requiring a minimum General Fund Balance of 5\% of total budgeted governmental expenditures or a minimum $\$ 7$ million fund balance, whichever is greater, be maintained for the Parish at all times. As total Governmental Expenditures are budgeted to be $\$ 131,992,771$ for 2014, the minimum reserve for the General Fund is therefore set at $\$ 7$ million. The actual budgeted 2013 General Fund Balance for 2014 is \$7,139,855.

## Reporting Entity

St. Charles Parish Council (the Council) is the governing authority for the Parish of St. Charles, a political subdivision of the State of Louisiana, as authorized by the Constitution of the State of Louisiana. The Council consists of nine members of which two members are elected parish-wide to represent the entire parish and seven members are elected to represent each of the seven districts. The Parish President, elected by the voters of the Parish, is the chief executive officer of the Parish and is responsible for carrying out the policies adopted by the Council and for administering all Parish departments, offices, agencies, and special districts.

The basic criterion for determining whether a governmental department, agency, institution, commission, public authority, or other governmental organization should be included in a primary governmental unit's reporting entity for basic financial statements is financial accountability. Financial accountability includes appointment of a voting majority of the organization's governing body and the ability of the primary government to impose its will on the organization or if there is a financial benefit/burden relationship between the primary government and the other organization. In addition, an organization that is fiscally dependent on the primary government or has a potential to provide specific financial benefits to the primary government should be included in the reporting entity.

As required by generally accepted accounting principles, the financial statements of the reporting entity present the primary government (the Parish) and its component units. The component units discussed below are included in the Parish's reporting entity because of the significance of their operational or financial relationships with the Parish.

Based on the previous criteria, the Parish has determined that the following component units should be included in the reporting entity of the Parish.

## 1. St. Charles Parish Communications District

The Communications District was established by parish ordinance on August 4, 1986, under the provisions of Louisiana Revised Statute 33:9101-9106. The district was established to maintain and operate a 911 emergency telephone system for St. Charles Parish. Funding is provided by local grants and an emergency telephone service charge not to exceed five percent (5\%) of the highest tariff rate for local telephone service supplied within the District. A seven-member board of control governs the district. Only one elected Parish Council member serves on this board. The district's board is not the same as the elected Parish Council, and it does not provide services only to the Parish government. It is fiscally dependent because it cannot levy taxes, set rates or charges, or issue bonded debt without approval of the primary government. It is reported as a discretely presented component unit. The Communications District does not issue separate financial statements. It has a fiscal year ending December 31.

## 2. St. Charles Parish Library Service District No. 1

The Library Service District was established by parish ordinance on November 9, 1948, under the provisions of Louisiana Revised Statute 25:211. Funding is provided from ad valorem taxes, state aid, state grants, and book fines. Expenditures are restricted to library services. A five-member board of control, appointed by the same elected Council that governs the Parish, governs the library. The district's board is not the same as the elected Parish Council, and it does not provide services only to the Parish government. The district is fiscally dependent upon the Parish Council because it cannot levy taxes or issue bonded debt without approval by the Parish Council. It is reported as a discretely presented component unit. The library does not issue separate financial statements. It has a fiscal year ending December 31.

## 3. Sunset Drainage District of St. Charles Parish

This is a special district located in St. Charles Parish that provides service to a limited number of parish citizens. The appointment of commissioners of the Sunset Drainage District of St. Charles Parish is made upon the recommendations of twenty-five of the landowners of the district. When there is a contest over the appointment of commissioners, the Council must give the appointment to the commissioner who is recommended by a majority in number of landowners in the district. The commissioners serve until their successors are appointed and qualified. While this district is responsible for obtaining voter approval for the levy of taxes or debt issuance, all related Louisiana State Bond Commission approvals must be obtained through the Parish. The District has a financial benefit from the Parish because the Parish has assumed the obligation to finance the deficits of and provide substantial financial support to the District. It is reported as a discretely presented component unit.

The Sunset Drainage District of St. Charles Parish has a fiscal year ending December 31. Separate audited financial reports, which include additional information that may be required of the District, are prepared by T. S. Kearns \& Co. and can be obtained by contacting their office directly at 501 Canal Boulevard, Thibodaux, LA, 70301. More detailed information regarding operational results is available from the Parish for the period ending December 31, 2012.

On August 18, 2013, the Sunset Drainage District was formally merged with St. Charles Parish, thus all functions of the District will be handled by the St. Charles Parish Public Works Department.

## 4. St. Charles Parish Hospital Service District

This special district provides hospital services to St. Charles Parish citizens. The Council appoints the board members of the Hospital Service District and can remove them at will. While the District is responsible for obtaining voter approval for the levy of taxes or debt issuance, all related Louisiana State Bond Commission approvals must be obtained through the Parish. For these reasons, the Parish has the ability to impose its will on the District.

St. Charles Parish Hospital Service District has a fiscal year ending on July 31. Separate audited financial reports containing additional information that may be required of the District, can be obtained from LaPorte, Sehrt, Romig \& Hand at 110 Veterans Memorial Boulevard, Suite 200,

Metairie, LA 70005-4958. More detailed information regarding operational results is available from the Parish for the period ending July 31, 2012.

The Parish is required to prepare financial statements that consider all units within the reporting entity. The Parish budget establishes appropriations for operations of the primary government, which in some cases include interaction with the component units; however the Parish does not exercise budgetary control over the component units except on funds appropriated by the Council.

## Departmental Information

## Animal Control

The St. Charles Parish Department of Animal Control is in charge of maintaining and monitoring the animal population throughout the Parish. On a daily basis, it maintains the animal shelter and cares for the resident animals, which range from feeding to adoptions. The Department also educates the public on animal care and enforcement of parish ordinances. It also investigates and follows through with reports on animal cruelty, abuse, strays, and unwanted animals. The animal shelter is cleaned and disinfected on a daily basis to control disease.

The biggest challenge facing the department is trying to accommodate the rise in the animal population within a growing parish. The department has met that challenge with the construction of a larger, state of the art animal shelter which was completed in April 2012.

## Community Services

The Department of Community Services is committed to supporting individuals and families in St. Charles Parish through caring service. We are committed to the development and delivery of quality programs while preserving the dignity and potential of every person.

In collaboration with our community partners we provide programs and services that serve as a safety net for struggling families throughout St. Charles Parish. We will respond to the needs of residents to alleviate pain and suffering, improve the quality of life, to offer options for change, and to break the cycle of poverty.

Its mission is rooted in service to the community and is characterized by programs and services that are responsive to the needs identified through a comprehensive intake and assessment process.

As a Community Action agency, the Department of Community Services works through a partnership with the Louisiana Association of Community Action Programs (LACAP). The objectives of this department are the operation of non-institutional and non-sectarian social action programs pertinent to the provision of the following:

- Assistance to the poor and vulnerable populations in our community
- Self-development opportunities
- Housing improvements
- Educational and social services support

## Community Service Department Program Descriptions

## Home Energy Assistance

Entergy, Atmos and share the warmth funds are available to parish residents to assist them with home utility bills. Program guidelines are established by the State of LA.

## Emergency Assistance Programs

Services are designed to provide emergency aid of a temporary nature to low income and unemployed families. One time assistance with food, medicine, clothing, temporary shelter or rent/mortgage is available through this program.

## H.O.M.E Program

HUD program designed to assist low income and elderly homeowners with home repairs. Applicants must be qualified under HUD guidelines.

## Emergency Home Repair Program

Program provides support for emergency home repairs for elderly, low income and single head of household. Repairs are limited to \$5,000.

## Weatherization Program

Minor energy conservation repairs provided to low income families. This can include air sealing, weather stripping, attic insulation etc. Income and participation guidelines are established by federal and state funding agencies.

## Summer Food Service Program

The department provides lunch for children 18 and under and disabled adults who attend an accredited school in St. Charles Parish at designated sites throughout the parish for six weeks.

## St. Rose Community Center

Neighborhood drop in center located in the Preston Hollow Subdivision providing community based services. Programs include afterschool activity center, computer lab, and specialized programs for citizens of St. Charles Parish.

## Communications District (911)

The 911 Communications Center is a Public Safety Answering Point (PSAP) and dispatch center providing the residents of St. Charles Parish a vital link to emergency response personnel from medical, fire, and sheriff's office services. In 2012, the St. Charles Parish Communications Center processed 104,585 calls. Of those calls, 911 Center personnel managed 36,133 for fire, medical, and or sheriff's office services.

## Contract Monitor's Office - Office eliminated, all functions are now under the Department of Public Works.

The Office of The Contract Monitor is responsible for monitoring the contracts for Solid Waste, Recycling, Mosquito Control and Street Lighting. The office was absorbed into the Parish Public Works department in early 2012. Each division of the Contract Monitor, now Public Works, is listed below:

## Solid Waste (Enterprise Fund)

The office is responsible for the Solid Waste and Garbage Collection Fund. The department oversees and performs the following duties:

- Receiving complaint/request phone calls from parish residents
- Receiving parish website requests, reply to residents
- Logging all data into the solid waste database
- Sending daily log sheets of complaints/request to the solid waste provider via electronic mail.
- Receive feedback from solid waste provider and update database
- Daily inspections of the truck routes for missed collections and dispatch trucks
- Daily inspections of the truck routes for possible boom piles
- Assisting the solid waste provider with rerouting due to street closures
- Monitor proper truck usage at River Birch Landfill
- Review and approve solid waste provider invoice and landfill invoices
- Supervise cart deliveries and repairs
- Approve residents for handicap service; obtain proper medical paperwork and forward to solid waste provider
- Run database reports for council
- Compile monthly report for Parish President
- Organize and run special clean up routes for pre-storm events such as tropical depressions and hurricanes
- Monitor and run storm debris contract in the event of a hurricane
- Monitor and run storm debris monitoring contract in the event of a hurricane
- Monitor the recycling contract
- Receive and record all recycling request/complaints, input data
- Inspect and monitor dumpster locations for proper service
- Organize removal of dumpster overflow and distribute to empty dumpsters
- Review and approve recycle invoices
- Receive, process and close out all St. Charles Parish Council work orders in reference to recycling

## Road Lighting Fund (Special Revenue Fund)

The office is responsible for the Road Lighting Fund. The department oversees and performs the following duties:

- Monitor the Road Lighting contract
- Receive request/complaint calls in reference to street light outages
- Input information into data system
- Forward data to proper contractor: Entergy or parish awarded contractor
- Issue purchase orders for road lighting supplies, repairs, and installations,
- Organize police detail surveillance for road lighting repairs when necessary
- Oversee special installation construction projects including recreational sites
- Review and approve all street lighting layout plans for new construction subdivisions
- Approve energizing of new street lighting through Entergy Louisiana LLC.
- Review and approve all street light deposit refunds to developers
- Review and approve all street lighting invoicing
- Receive, process and close out all St. Charles Parish Council work orders in reference to road lighting
- Organize lighting for special events such as Fourth of July events and recreational events
- Attend Entergy training and hurricane events
- Compile monthly report for Parish President's office

## Mosquito Control Fund (Special Revenue Fund)

The office is responsible for the Mosquito Control Fund. The department oversees and performs the following duties:

- Monitor the Mosquito Control contract
- Receive request/complaint calls in reference to mosquito control and forward data to contractor for proper service.
- Log daily mosquito control routes including aerial spraying
- Organize special event spraying for parish, residential and commercial events
- Monitor and notify parish presidents office of encephalitis activity
- Monitor contractor's responsibility to follow through with public notifications and control actions taken in reference to encephalitis activity
- Review and approve monthly and special event invoicing
- Receive, process and close out all St. Charles Parish Council work orders in reference to mosquito control
- Compile monthly report for Parish President's office

## Council Office

The Parish Council Legislative Staff, which consists of the Clerical Division and the Records Division, presently serves in a dual capacity assisting the Council Secretary who serves directly under the Parish Council as it functions as the Governing Authority and assisting the Individual Members of the Parish Council as they serve their electorate.

The Legislative Staff coordinates meeting agenda activities, and Journals of Proceedings; initiates Official Journal selection and coordinates all follow-up printing and publication requirements; processes ordinances and resolutions; coordinates committee meetings and board and agency meetings; administers a comprehensive records management system; drafts legislation; makes travel arrangements; coordinates orientation and training for elected/appointed officials and Council Staff; prepares Council budgets; coordinates Board of Review activities; prepares codification of legislation; prepares calendar of meetings, activities, and events; coordinates all Board/Committee appointments/confirmation questionnaires; process work request forms/follow-up; assist with reapportionment and election process; process expense forms.

The Parish Council Office continues In House Cross Training, scanning Records Department Documents, implementing Insite Program from Granicus (Daystar), and updating Website and Channel 6 using Carousel and Cablecast. The biggest Challenge that faces the Council Office is trying to establish a paperless environment with the Council Meeting Agendas, Weekly Packages, etc.

## Council on Aging

The ST. CHARLES COUNCIL ON AGING, INC. is a private non-profit corporation serving as the area agency for St. Charles Parish. It is the responsibility of this agency to administer a comprehensive and coordinated service system which provides the kinds and levels of services needed by the elderly and to seek adequate resources for those services.

ST. CHARLES COUNCIL ON AGING, INC. is governed by a 13 -member volunteer board of directors. A paid staff supervises and administers the services provided by the Council on Aging. There are no fees for services; however, contributions from participants are used to increase services.

A 21-member advisory council is responsible for planning and evaluating services. The ST. CHARLES COUNCIL ON AGING, INC. Area Agency on Aging provides services without regard to race, color, national origin, religion, sex, political affiliation or disabilities. ST. CHARLES COUNCIL ON AGING, INC. is an Equal Employment Opportunity Agency.

The assistant to the director has been designated to coordinate efforts to comply with Section 504 of the Rehabilitation Act of 1973.

## Department of Economic Development

The Department of Economic Development \& Tourism administers, develops, manages, implements, and promotes industrial development, community development, and business development programs; develops, coordinates, and maintains statistics and information relating to population, employment and trends; initiates economic development policy recommendations for the parish council. The department also serves as a liaison between the parish council and administration and other local, state and federal agencies in matters regarding the economic development of the parish, and local organizations, and with individual members of the business and industrial communities in the parish.

The department promotes and develops tourism, initiates and recommends tourism projects for approval by the parish council, implements tourism projects initiated by the parish council, works with state and federal agencies in promoting tourism by advertising and seeking tourism funds.

The department serves as a liaison with the River Region Chamber of Commerce, the Economic Development Council of St. Charles Parish, the South Central Planning \& Development Commission, the Port of South Louisiana, the St. Charles Parish Industrial Development Board, the Louisiana Workforce Commission, St. Charles, St. John, St. James Business and Career Solution Centers, the St. Charles Business Association, and the Small Business Administration.

The department provides necessary personnel with the consent and direction of the parish president to accomplish its purpose along with other duties as may be directed by the parish president

## Department of Emergency Preparedness

The Department of Homeland Security and Emergency Preparedness is responsible for maintaining
written plans for the preparedness, mitigation, response and recovery of any terrorist act, natural or technological disaster that may occur in St. Charles Parish.

Furthermore, the department is responsible for coordinating the plans and operations of the various emergency response agencies such as fire, police, emergency medical services, public works, volunteers, and other groups that respond to emergencies.

The department is also responsible for building St. Charles Parish’s emergency plan as a part of a national incident management system capable of responding not only to local or regional emergencies, but also to national security emergencies such as a nuclear attack.

## Department of Finance

The Finance Department assists the Parish President in preparing and executing the parish budget and capital program. This department, which was created by the Home Rule Charter, is also responsible for disbursement of all funds in the parish treasury, preparation of monthly and annual financial reports and maintenance of records of parish indebtedness.

## Grants Office

The mission of the Grants Office is to actively pursue grant funding, as well as manage existing grant agreements for projects and programs for St. Charles Parish. Actively pursuing grant funding involves researching all leads on grant funding for feasibility and applying for and securing grants to help fund Parish projects and programs. Managing existing grant agreements involves ensuring that the Parish adheres to the terms of the grant agreements by monitoring the status of the project or program, working closely with the department personnel involved with the project or program, completing status reports, submitting requests for reimbursement, as well as completing other reports necessary to close-out the grant following the completion of the project or program.

## Department of Government Buildings

The Department of Government Buildings is responsible for the daily maintenance and clean up of all Parish buildings outside of Special Revenue and Enterprise fund buildings, which are handled separately by those departments, i.e. Government Buildings only focuses on buildings and grounds under the General Fund. The primary building under this department's charge is the Parish Courthouse. This department helped supervise the demolition of the $3^{\text {rd }}$ floor courthouse jail to create much needed office space for courthouse personnel, and once funding can be secured, this department will play a vital role in overseeing the completion of this much needed office space.

## Legal Services

The Department of Legal Services for St. Charles Parish is an administrative department created by the Home Rule Charter. The Legal Advisor is appointed by the Parish President and must be confirmed by the Parish Council.

The duties of the Department of Legal Services are very diverse. It represents all departments of the Parish government and is called upon to answer question and as problems arise. The largest work loads are supplied by the Departments of Planning and Zoning and Public Works/Wastewater.

The Legal Advisor must attend Council meetings and be prepared to answer questions as they arise at those meetings. He also attends most planning and tactical meetings and responds to legal questions and prepares documents that assist in the execution of the plans and projects. The Department also approves the forms and substance of bid documents and contracts and on questionable bids gives opinions to the appropriate Department.

The Department of Legal Services is charged with the prosecution and enforcement of Planning and Zoning Ordinances and after Judgments are rendered, for the execution of those Judgments. That entails making Court appearances for as many times that may be necessary to terminate the effects to the public of the offense.

The Department is charged with defending the Parish in the Courts whenever litigation is brought against it. This always involves making and coordinating efforts to bring matters to settlement or trial in the most efficient way. Part of that duty might involve attorneys who have expertise or experience in legal areas where none exists locally.

A multitude of events affecting the Parish occur daily and many communications in different forms, mostly questions and some comments from citizens. The Department views these as excellent opportunities to be used as educational opportunities for the public and does its diplomatic best to respond with sensible explanations.

## Information Technology and GIS

The Technology Office supports the different Parish offices, as well as, assists with the upgrade of the Parish wide telephone system. With so much expansion taking place and offices being relocated for more efficient operations, the Technology office is involved with providing technology services to these various locations.

Some of the Technology tasks completed in 2013 include:

- Installed IP phones at various departments and integrating with the courthouse phone system
- Began assisting both the District Attorney's office, as well as, Clerk of Court
- Upgraded and Maintained the Fiber Based DIA
- Upgraded and Maintained the Metro-E Network Circuits
- Supported parish employees through the helpdesk
- Assisted in completing technology portion of EOC and Community Center
- Maintained Remote Backups of All Critical File Systems
- Used Remote Access (WebEx) in our day to day operations

The goals for 2014 are to continue the current day to day operations and to assist with all future projects which may arise. The department is further expanding the phone system to all departments with one Phone system in mind.

The GIS efforts outlined in this budget narrative support the anticipated operations of the various GIS projects currently underway. We have completed the preliminary survey of the waterworks infrastructure with the help of the waterworks department. Our focus will be to complete the database and develop user applications for use of planning, repairing and maintenance of waterworks infrastructure. We will continue the same efforts in Drainage and Wastewater and anticipate finalizing data acquisition for the Comprehensive Drainage Plan for Destrehan in January of 2013. We have also provided extensive support in the Parish hurricane protection levee planning and initial phases of construction.

Budget: The personnel category supports the GIS Coordinator and two new GIS positions, a GIS Analyst and a GIS Field Operator. Travel supports the costs of fieldwork, training and travel to San Diego, CA for the annual International GIS Users Conference. Supplies, Equipment and Operating Services cover material and expendable costs associated with vendors and data providers. The GIS efforts outlined in this budget narrative support several of GIS projects currently underway. These projects include the Street Signs GIS database, Parcels GIS database, Drainage GIS database, Wastewater GIS database, Waterworks GIS database, Zoning and Land Use GIS database. The department will continue to provide support to Public Works projects and the Emergency Operations Center and will develop a Disaster Management Database to support emergency response in the event of a disaster.

## Parks and Recreation

The Parks and Recreation department offers a large variety of recreational activities for youth, adults, and seniors. Recreational youth and adult activities include, but are not limited to Baseball, Softball, All Star Competition, Challenger Baseball, Shooting Star Basketball, T-Ball, Volleyball, Basketball, Football, Cheerleading, Soccer, Tennis, Track, Summer Camp, Radio Controlled Race Track, Multi-use Path’s, Spillway Camp Permits and Park. Senior activities include, but are not limited to, Bowling, Horse Shoes, Bocce, Pickle Ball, Oil Painting Classes, Casino Trips, and Community Center Field Trips. Our Special Athlete's program has enjoyed tremendous growth over the last three years with activities including TBall, Bowling, Swimming, Track and Field, Shooting Stars Basketball, and Challenger Baseball. The Parks and Recreation Department works in conjunction with nine booster clubs around St. Charles Parish to facilitate our youth sports programming. We have an Organized Team Sports representative from each booster club to assist with programming, registration, uniform ordering and distribution, and field maintenance.

The Parks and Recreation department currently maintains an inventory of 51 park sites that are located throughout the Parish; these sites include sport fields, multi-use fields, multi-use paths, playground equipment, boat launches, pavilions, tennis courts, basketball courts, and concession stands and restrooms. The department maintains 313 acres of land at these parks, which include, grass cutting, weed control, ant control, maintaining and upgrading of existing structures and facilities, and preparation of athletic fields for our sports programming.

The department's milestones over the last three years have included: an expanded program for children with disabilities, volleyball, Wetland Watcher's Park, Rathborne Park, pavilion addition at Monsanto Park and the West Bank Bridge Park, and beautification projects at West and East Bank Bridge Parks.

The challenges over the next five years will include: sustaining and enhancing within our current budget, controlling operational and maintenance costs, hiring and retaining employees, adequate gym space as our programming continues to see growth, and securing land for future growth.

## Personnel Office

The Personnel Office is comprised of a Personnel Officer and staff to support the Civil Service Board, administration of the Civil Service Rules and Regulations and compliance of the personnel system. The Personnel Office employee responsibilities include the employment process of recruitment, testing/qualifying applicants for consideration for employment, pay plan administration and job description maintenance. Additionally, employee benefits administration, employee relations and parish civil service system administration are handled by the employees of this office. The head of the office acts as an advisor to the employees and parish administration on all human resource issues, and as Secretary to the Civil Service Board. The employees of this office monitor and enforce all rules in accordance with Parish Civil Service, Administrative Policy and State and Federal laws.

## Planning and Zoning

The St. Charles Parish Department of Planning and Zoning has the responsibility to regulate present and future land issues in the parish as sanctioned by the parish charter.

With this edict, the department always strives to never lose sight of the fact that it has an overriding goal, or mission, to balance the public interest with individual needs to create a quality living and working environment through effective land use and management.

The Department of Planning and Zoning consists of four program divisions covered under three budgets. The Planning and Zoning budget covers department tasks associated with future land use analysis; zoning analysis for subdivision, rezoning, occupational licenses; commercial and residential permitting; and amendments to the Parish Code of Ordinances related to those issues. This budget also funds code enforcement for the parish as it relates to general nuisances and zoning violations. The Planning and Zoning budget serves to support both the Planning and Zoning Commission and the Zoning Board of Adjustment which are appointed boards tasked with holding public hearings on land use cases, zoning cases and on permit appeals. The parish recently adopted a new 20 -year comprehensive land use plan "St. Charles 2030" which will require the department to draft regulatory changes in the coming years to meet the policy guidance outlined in this document.

The Coastal Zone Management budget supports the Coastal Zone Advisory Committee who are tasked with reviewing and making recommendations on coastal permitting applications and advise on coastal restoration projects within the parish. This division also manages construction and seeks funding for coastal restoration projects in the parish, advises on parish wetland issues and administers the National Flood Insurance Program (NFIP) for the parish providing support to our permit section and code enforcement on floodplain issues.

The ICC Building Codes budget tasks our permitting and enforcement divisions with ensuring compliance with the International Construction Codes for residential and commercial construction in the parish. The parish contracts services with South Central Regional Planning and Development Commission for building code plan review and inspections.

## Public Information

The St. Charles Parish Public Information Office is tasked with informing the public of government activities and progress in an efficient, productive and aesthetically pleasing way. The Public Information

Officer also acts as full-time parish spokesperson and media liaison, communicating with the media and public on behalf of the emergency operations center during emergency situations. Projects undertaken by the office on a daily basis include, but are not limited to: Writing press releases, putting together speeches for members of the executive staff and directors, taking photographs of parish projects and events, updating and maintaining the parish website and social media, producing advertising collateral and brochures, and maintaining and producing video content for the government access channel.

The office also produces a yearly magazine-style annual report mailer, public information bulletin and monthly in-studio talk show. It also helps in planning and publicizing special events, such as Trash Bash, the annual Independence Day Celebration and more. Public Information also assists all other parish departments with any tasks related to public information and media management.

## Public Works - Roads and Drainage

The mission of the St. Charles Parish Public Works Department is to provide the best possible roads and storm drainage systems to ensure the safety and security of parish residents and their property.

The Department has 173 budgeted employees who are dedicated to providing services in the most safe, reliable, efficient manner at a minimum cost to the citizens of St. Charles Parish.

## Operations and Maintenance - Roads, Drainage, Grass Cutting and Special Project Crews

Public Works maintains and improves critical parish wide infrastructure such as roads, the storm water pumping network and grass cutting on parish property and right of ways. Over 195 miles of roadways of varying surfaces such as concrete, asphalt, and limestone are maintained. Public Works also maintains 48 drainage pump stations, 40 miles of major conveyance canals, and 390 miles of drainage ditches/subsurface drainage.

- Public Works has 8 road crews, 4 crews on each side of the river, normally consisting of 5 employees in each crew. The daily activities of these crews consist of cleaning and re-digging of ditches, cleaning culverts, replacing damaged and/or undersized culverts, repairs of roadways, trimming of trees and other various maintenance activities.
- Public Works has 4 carpenter crews, normally consisting of a carpenter and a helper that work parish wide to repair and replace damaged catch basins and replace driveways associated with culvert replacements.
- Public Works has a grass cutting crew on each side of the river that normally consists of a lead person, 4 to 6 tractor operators, groundskeepers and laborers. Grass cutting is carried out on a revolving cycle approximately 10 months of the year.
- Public Works also has 6 drainage crews, 3 on each side of the river, normally consisting of 2 employees in each crew. The daily activities of these crews are to maintain approximately 95 drainage pumps in top operating order and maintain the stations and grounds surrounding the Parish's 48 pump stations.
- Public Works also staffs a projects crew that consists of a foreman, operators, and laborers to clean the major drainage canals, perform heavy lifting of equipment and pumps and to assist special project work.
- In 2012, Public Works processed 7,491 work orders. Of these work orders, drainage, pump maintenance, and road crews completed 7,436 work requests. This is a $99.3 \%$ completion rate. The Department continues to follow up on all open work orders to either reissue or cancel the order due to circumstances not allowing completion.
- In 2012, Public Works processed and approved 25 commercial developments in accordance with St. Charles Code for compliance.

## Capital Project Management

Public Works performs project management for all engineering and public bid contracts issued by the Department. Public works also assists other separate departments with project management services for some of their larger projects. Our focus is to establish a well-maintained and future oriented infrastructure with emphasis on effective drainage and cost effective use of the department's financial resources. Significant achievements have been made in this area since 2008.

The Public Works Capital Management Team consists of the Director, Assistant Director and Superintendent of Public Works, the Assistant Superintendent of Drainage, 3 Engineers, 2 Project Inspectors and 2 Accountants. The team is assisted by the Parish's Legal and Grant Departments along with various other support personnel.

Public Works has successfully managed over 89 million dollars in capital projects since 2008:

- 55.2 million dollars in Drainage projects;
- 11.5 million dollars in Wastewater projects;
- 14.5 million dollars in Road projects; and
- 8 million dollars in projects for other various Parish departments.

## Purchasing

The Procurement Office of St. Charles Parish shall have two major goals. The first goal is a responsibility to St. Charles Parish Personnel to procure necessary items and equipment as they are needed. The second goal is to protect the investment of the taxpayer by procuring quality items at the best possible price within the guidelines of the Louisiana Public Bid Law and the Parish Procurement Procedures.

## Related Objectives

1. To maintain procedures that will ensure that both quality and price are considered in the procurement process;
2. To set up a purchase order system that will serve as a contract between the Parish and vendors assuring that the Parish will receive the quality and quantity of materials ordered while assuring the vendor of satisfactory compensation;
3. To maintain procedures that will ensure that materials received meet the specification as outlined in the purchase order and that those materials are in satisfactory condition;
4. To maintain procedures that will ensure the prompt payment for materials that have been received in proper order;
5. To maintain appropriate lists of eligible vendors, both local and out-of-parish;
6. To maintain procedures for obtaining quotes and bids that will assure the best prices available for specified materials and also guaranteeing that State Bid Laws and Parish Procurement Procedures are followed;
7. To maintain records to adequately support that the Parish Procurement Procedures are being followed.

No purchase order will be issued without a properly executed requisition form, except under emergency situations. If the requisition form is not filled out properly, it will be returned for proper execution.

## Retired and Senior Volunteer Program (RSVP)

RSVP (Retired and Senior Volunteer Program) is a network of national service programs that provides older Americans the opportunity to apply their life experience to meeting community needs. RSVP volunteers serve in a diverse range of nonprofit organizations, public agencies, and faith-based groups.

## Risk Management

Risk Management is the practice of protecting an organization from financial harm by identifying, analyzing, and controlling risk at the lowest possible cost." Risk Management is an ongoing process of identifying exposures, measuring them against the Parish's loss withstanding capabilities, and the handling of risk with appropriate control, transfer and financing techniques. The St. Charles Parish Risk Manager has eighteen years of experience in Government Entity Risk and is a certified OHST (Occupational Health \& Safety Technologist) by the American Board of Certified Safety Professionals, a CRM (Certified Risk Manager) by the National Alliance for Insurance, a CIC (Certified Insurance Counselor) by the National Alliance for Insurance, and one course certification from a CWCP (Certified Worker's Compensation Professional) by the Louisiana Association of Self Insured Employers.

Risk Management functions include evaluating risk continually, providing written recommendations to the Administration and Department Heads, consulting with various departments on insurance coverage, analyze and trend losses from accidents to pinpoint corrective action to prevent recurrences, appraise Parish property for insurable values using National Software Marshall and Swift(saving the Parish tens of thousands of dollars because it's done in house), monitor and oversee insurable lawsuits until settled or closed. Risk Management is responsible for all SIR (Self Insured Retention) Fund and In House Loss Fund (absorb expected losses vs. insuring them saves money), investigates and mitigates all accidents (auto liability, property damage, \& general liability, worker's compensation) and handles all claims start to final resolution on first and third party claims. The Safety activities include sending out weekly safety topic meetings, streets and roads and park inspections, on site for large and/or deep excavations involving Parish employees, assure proper personal protective equipment.

## Wastewater

St. Charles Parish Department of Wastewater maintains approximately 343 lift stations, 314 miles of sewer lines, two mechanical treatment plants, and one oxidation pond. These treatment facilities have a capacity of 9.3 million gallons per day. The Wastewater Department prepares and submits a variety of monthly, quarterly, semi-annual and yearly reports as required by state, and federal agencies for these treatment facilities. The Department establishes and maintains databases for all pertinent information regarding plant records including, but not limited to, analytical results, flow measurements, overflows, etc. The Department also prepares and updates departmental environmental plans, i.e. Best Management Practices, Storm Water Pollution Prevention Plan, as required by state and federal agencies. All wastewater employees training and state certification must be tracked and kept up to date to ensure compliance.

Office Personnel duties include answering telephones responding to business and constituent requests such as inquiries, sewer leak adjustments, pool credits, complaints, inspections, and locations of sewer taps. Daily duties handled are work orders, and monitoring and generating radio complaint and other calls to field employees. Purchase requisitions are generated and maintained by matching and forwarding of dray tickets and routing invoices and files pertaining to these. The Department does research for sewer permit requests as to availability and subsequent purchasing of permits. The Department works with Waterworks in the generating of credits, sewer availabilities, irrigation meters, and recording of new sewer connections. Wastewater keeps personnel files for our employees generating and maintaining records for Time Sheets sent to courthouse, CDL records, absences, vacation scheduling, vaccinations, and other pertinent information needed by Wastewater. Travel arrangements for training are handled for our own department as well as appointments and other miscellaneous duties.

The Wastewater Field Foremen's generate work assignments for the day. They supervise problem jobs, handle employee issues, generate purchase requisitions, and order equipment and supplies. They also maintain various records in accordance with these duties. They and the field employees maintain the sewer lift stations, handle residential complaints by finding problems with lines using sewer cameras, digging up and repairing sewer leaks, marking requests for LA ONE CALL, and handling overflows, and installing sewer lines. Periodically they also work with contractors working on sewer projects. A 24 hour on-call crew, including a supervisor, handles emergency complaints in conjunction with E.O.C. after hours. All plant and field employees are required to do maintenance and preparatory jobs needed during emergency situations such as hurricanes. All vehicles and equipment are to be generally maintained with minor repairs done.

## Waterworks

St. Charles Parish Department of Waterworks has two surface treatment plants (East and West Banks) treating Mississippi River water for use by the entire parish. On average the department produces 3.2 billion gallons of water annually. The Distribution Maintenance crews are responsible for the maintenance of approximately 350 miles of piping and 2200 fire hydrants to provide potable water and fire protection to the residents of St. Charles Parish. Our Meter Readers annually read over 267,000 meters and this information is used by our Billing personnel to produce nearly 21,000 monthly bills, including sewer and garbage charges. The money from these bills is collected by our Customer Service staff and the money is used to for the operation of the Waterworks, without any sales or property taxes.

## Workforce Investment Act (WIA)

Our WIA offices are government by the "Workforce Investment Act of 1998." This legislation provides the framework for a unique national workforce, also, a workforce that can be prepared through our system. At the St. Charles Parish office, we meet the needs of job seekers and those who want to further their careers. The St. Charles Parish office offers the following services at no cost to the citizens:

- Information about local, state and national labor market
- Job listings
- Hiring Requirements
- Job Referrals and Placement
- Quality Education and Training
- Testing and Assessment
- Job search and skills

In addition, our other services for Employers include:

- Recruitment and prescreening of qualified applicants
- Easy access to post job openings in our "LAVOS" Job Bank.
- Job and industry growth trends and forecast
- Wage data and other valuable labor market information
- Compliance information on Federal Legislation (i.e. Americans with Disabilities Act)

It is true that, in theory, not much has changed. Our goal has remained the same. We still want to do all that we can to create and develop a system of services for individuals to become self-sufficient. In addition, we want to better train job seekers in order that they may retain employment.

Unfortunately, our budget situation has changed and we are charged with providing the same level of services with half of the amount of funding and staff.

Without a doubt, our system is faced with real challenges. Locally we have already had to do what the state just now has to do. We have cut back on spending, asked eligible employees to retire and even had to lay off employees.

On a brighter note, we do have some highlights in our offices. We continue to meet and exceed state goals set for the area. We also partnered with other agencies in our system, working, closely with each other to streamline services. Another bright spot is that we have a strong regional Business Service Presence; we reach out to businesses to meet their needs as well as the needs of jobseekers.

## Legal Requirements

Legal requirements applicable to budget amendments are set forth in the St. Charles Parish Home Rule Charter and with the Louisiana Local Government Budget Act (R.S. 39:1301 et. seq.).In accordance with the provisions of Article V, Sections D, E, and F of the St. Charles Parish Home Rule Charter and with the Louisiana Local Government Budget Act (R.S. 39:1301 et. seq.), the Parish President has the authority to authorize the transfer of any unencumbered balance of an appropriation, or portion thereof, to supplement another appropriation made in the same budget to the same department, office or agency via
an executive order which in addition to the Parish President's signature, must also have the approval of the Finance Director. At the request of the Parish President, the Council may by ordinance transfer any unencumbered balance of an appropriation, or portion thereof, to supplement an appropriation made in the same budget to another department, office, or agency via a formal budget amendment.

Appropriations in addition to those contained in the current expense budget may be made only on the recommendation of the Parish President and only if the Finance Director certifies that sufficient funds are available in accordance with the best recognized practices in governmental accounting to meet such an appropriation. If funding is available, a budget amendment is submitted to the Council for approval.

## Revenue Assumptions

The Parish's primary source of revenue is the Sales and Ad Valorem taxes collected each year. The Parish employs historical trends to forecast Ad Valorem tax revenue and utilizes outside estimates provided by the Sales Tax collection office to budget revenues for sales taxes. Our other primary form of revenue is Intergovernmental revenues, which are most commonly grants. This type of revenue is simply determined by the type of grant award to be received.

Total sources of governmental fund revenue, excluding transfers and internal charges, reflect an overall decrease for 2014 of $12 \%$ as compared to the 2013 original budget. This decrease is due to large decrease in Sales Tax Revenues witnessed in 2013 as a result of several major Plant expansions throughout the Parish being completed in 2012, thus the Parish witnessed a large spike in Sales taxes in 2012 and conversely experienced the same spike in the opposite direction for 2013. The following is a general overview of revenues, along with detailed discussions for the more significant items.

The Parish is budgeting decrease in Sales Tax revenue for 2014, while Ad Valorem taxes are expected to increase slightly over 2013. Though Sales Tax revenue is expected to decrease, the Parish witnessed record highs in Sales Tax for 2012. The record highs in Sales Tax revenue was directly associated with the planned and completed construction plant expansions in some of the Parish's largest industries, mainly Dow Chemical, Monsanto and Valero. Upon those completions, Sales taxes fell drastically in 2013, which put the Parish Sales tax figures more in line with what was experienced in 2011 and 2010. Given the volatility of Sales Taxes over the past 10 years, i.e. Sales taxes fluctuated as much as $23 \%$, these temporary increases cannot be relied on, especially in times of economic turmoil. With that being said, when these temporary spikes do arise, the Parish in turn devotes these additional funds to one time Capital projects much needed throughout the Parish, especially in our Roads and Drainage Budget and our West Bank Hurricane Protection Levee fund. Conversely, for the current year, as the pendulum has swung the other way, the Parish has in turn drastically reduced the amount of capital projects it will pursue.

A comparison of 2013 Projected Ending and 2014 Budgeted total sources of funds (excluding internal transfers) are as follows - Note this includes both Governmental Funds and Proprietary Funds:
$\left.\begin{array}{lccccc} & \text { 2013 Budget } & \text { \% of Total } & \text { 2014 Budget } & \text { \% of Total } & \begin{array}{c}\text { \% Inc./Dec } \\ \text { from Prior }\end{array} \\ & & & & & \text { Year }\end{array}\right]$

2014 Sources of Funds
(Excluding Internal Transfers)

## Taxes

The taxes revenue category includes ad valorem, sales, alcoholic beverage taxes, airport expansion agreement, and cable franchise taxes. With internal charges between funds excluded, taxes account for approximately $57.38 \%$ of total sources in the 2014 budget, as shown above.

Taxes, along with their associated interest and penalties, are projected to generate $\$ 55.7$ million of the total $\$ 97.1$ million generated externally in the 2014 budget.

A five-year history of tax revenues is as follows:

History of Tax Collections

|  | $\mathbf{2 0 0 8}$ | $\mathbf{2 0 0 9}$ | $\mathbf{2 0 1 0}$ | $\mathbf{2 0 1 1}$ | $\mathbf{2 0 1 2}$ |
| :--- | :---: | :---: | :---: | :---: | :---: |
| Ad valorem | $\$ 20,524,233$ | $\$ 21,457,700$ | $\$ 22,835,369$ | $\$ 22,137,484$ | $\$ 23,765,758$ |
| Sales | $32,221,461$ | $32,710,536$ | $28,288,787$ | $34,268,437$ | $41,172,766$ |
| Alcoholic <br> Beverage Tax | 53,028 | 52,382 | 50,737 | 45,892 | 50,889 |
| Airport | 144,877 |  |  |  | $1,381,602$ |
| Expansion <br> Agreement |  |  |  |  |  |
| Cable TV <br> franchise tax | 633,810 | 638,467 | 666,451 | 695,297 | 732,794 |
| Total | $53,577,409$ | $54,859,085$ | $51,841,344$ | $57,147,110$ | $67,103,989$ |

## Ad Valorem Tax

Although ad valorem (property) taxes within the parish witnessed modest growth from 2008 through 2010, due to a large amount of inventory coming off the tax rolls, the Parish witnessed a loss of property tax revenue collected in 2011 of approximately $\$ 700,000$ across its taxing districts. Ad Valorem revenues rebounded from the 2011 deficit, putting the revenue stream back on track with its original steady, but slight increases from year to year. The 2013 tax roll for St. Charles Parish has an assessed valuation of $\$ 1.3$ billion. Of this amount $\$ 98.9$ million represents the valuation of exempt homesteads. Louisiana homeowners are allowed a homestead exemption of $\$ 7,500$ of assessed valuation for state, parish, and special ad valorem taxes.

The 1974 Louisiana Constitution authorizes the governing authorities of municipalities and parishes to levy annually ad valorem taxes of 7 and 4 mills respectively. These millages may be adjusted upward or downward in reassessment years to prevent gains or losses in revenues due to reassessment. Property is reassessed every four years, with 2012 the most recent year of reassessment. In 2012 the Parish Council elected to roll back the millage rates for the Parish General Alimony Tax to 3.17. The authorized maximum millage is 3.21 mills until the next reassessment in 2016.

Property subject to taxation is assessed a percentage of its fair market value. Residential properties and all land are assessed at $10 \%$; other property and electric cooperative properties, excluding land, are assessed at $15 \%$. The current year tax roll is completed by the assessor after the budget is submitted to the Council for approval. Any material deviations from the estimates contained in the proposed budget are reflected in the final budget amendment.
Listed below are the current and proposed millages maintained by the St. Charles Parish Council.

| Taxing District | Current 2013 Millage | Approved 2014 Millage |
| :--- | :--- | :--- |
| General Parish Tax | 3.17 | 3.17 |
| Parish Recreational Program | 2.97 | 2.97 |
| Parish Council on Aging | 0.96 | 0.96 |
| Mosquito Control | 1.10 | 1.10 |

|  <br> Operations | 4.45 | 4.45 |
| :--- | :--- | :--- |
| Road Lighting | 1.45 | 1.43 |
| Health Unit | 0.64 | 0.64 |
| Public Roads | 5.94 | 5.94 |
| Fire Protection | 1.53 | 1.53 |
| E-911 Tele Ser M\&O | 0.99 | 0.99 |
| Parish Sewer Bonds | 2.83 | 2.60 |

## Sales Tax

The Parish levies one percent, one-half percent, three-eighth percent, and one-eighth percent sales tax. The Parish and the St. Charles Parish School Board have entered into an agreement in which the School Board collects the Parish's sales and use taxes for a stipulated fee. The School Board remits the proceeds of the sales and use taxes to the Parish on a monthly basis.

The one percent sales tax ordinance stipulates that the proceeds derived from the tax must be used for the purpose of constructing, acquiring, improving, operating, and maintaining drains, drainage canals, pumps, and pumping plants, dykes, and levees, and related machinery and equipment; and opening, constructing, maintaining, and improving roads, street, and bridges, and purchasing machinery and equipment in connection therewith. The proceeds are subject to funding negotiable bonds for any of the above described capital purposes and providing for reserves in connection therewith. The one-half percent and three-eighth percent sales and use taxes ordinances stipulate that the proceeds derived from the taxes must be used for any lawful public purpose and for funding of bonds for constructing, acquiring and developing capital improvements in the Parish and providing for reserves in connection therewith. The one-eighth percent sales and use tax is to be used for fire protection in the Parish, including but not limited to constructing, maintaining, and operating the Parish's fire protection facilities and for funding bonds for the purpose of acquiring buildings, machinery, and equipment for the Parish and for funding appropriate reserve requirements.

The Sales and Use Tax Collected by the Parish Government is presently $2 \%$ and is distributed as follows:

# Sales and Use Tax Distribution 2\% Total Parish Collection 

An upward trend was felt in Sales and Use Tax in 2004, increasing sharply in 2005 and 2006. Sales and Use tax is budgeted based on normal collection rates, not on extraordinary scenarios such as Hurricane Katrina. Sales tax revenue dropped dramatically in 2010 for the Parish General Fund, Roads and Drainage and Fire Protection Sales taxes from the record highs reached in 2009, rebounding slightly in 2011, but in 2012, record highs were again reached. 2012 Sales taxes alone increased nearly $24 \%$ from 2011, the highest increase in the Parish's history. Unfortunately a similar percentage decrease occurred in 2013 as the major expansion projects that took place in late 2011 and through 2012, came to a close. With these expansion completed, the Parish is projecting a $23 \%$ decrease in Sales tax revenue from the record highs of 2012, followed by another 16\% decrease in 2014.
In forecasting our Sales tax revenues, whenever we witness large upswings in taxes, we have always put those additional funds towards one time capital projects, such as our newly completed Community Center and our new Emergency Operations Center, both of which would not have been possible without the activity of 2011 and 2012. For the current year however, with Sales tax levels coming back down to normal, large capital projects will have to be placed on hold, aside from the much needed third floor
renovation of the Parish Courthouse.

The 2014 estimate of sales taxes totals $\$ 28.8$ million. This amount was provided to the Parish from the St. Charles Parish School Board Sales Tax Collection office.

## Intergovernmental

Intergovernmental revenues include monies received from other governmental agencies such as federal and state offices. In some cases these funds are dedicated to provide for the operation of a specific program such as job training, Community development programs, etc. For 2014, these funds represent approximately $17 \%$ of the Parish Governmental Funds total revenue, up $3.5 \%$ from 2013. The majority of this funding has been in the form of FEMA Hazard Mitigation Grants for various Public Works and Emergency Preparedness projects which are currently under construction and or completed. As these funds are determined by outside sources, i.e. the particulars of which are found in the grant documents/agreements, Intergovernmental revenues can fluctuate from year to year depending on Grant awards.

## Charges for Services

## Consolidated Waterworks and Wastewater District No. 1

On March 4,1991, in accordance with the provisions of Chapters 22 and 22A of Title 33 of the Louisiana Revised Statutes of 1950, as amended, the Consolidated Waterworks and Wastewater District No. 1 was created by Parish ordinance No. 91-3-2. The District was created to operate, maintain, and administer a combined wastewater and waterworks system within the parish-wide boundaries. The District separates financial reporting of its operations into two funds, the Waterworks Utility System fund and the

Wastewater Utility System fund. The district is governed by the same elected Council that governs the Parish and is therefore included in the Parish’s financial report as a blended component unit. Both funds of the District are reported as blended proprietary funds. The District does not issue separate financial statements. The District has a fiscal year ending December 31.

## Sewer User Fee

The sewer user fee is estimated to produce $\$ 7.8$ million in 2013. This fee provides for capital the operation and maintenance of the sewerage system. The user fee is based upon the amount of wastewater discharged by a residence or business. Only half of the Wastewater rate adjustments recommended by the 2005 and 2006 Wastewater rate studies were implemented, therefore the Wastewater system has not reached the full $15 \%$ residual. This has caused a corresponding decrease in the Wastewater Funds unreserved net assets. In July 2012 however, the administration implemented the first of three Fifty-Seven cent per one thousand gallon used Wastewater rate adjustments, with the second adjustment taking place in July of 2013, and the adjustment set to occur in July 2014. As operations expenses continue to mount for the wastewater department with continued need for capital improvements to maintain the current system, and due to the fact that a rate adjustment had not been implemented since 2007, the administration deemed it vital to implement this series of adjustments with the intention of minimizing the disparity between revenues and expenses for the department, as well as provide some funding for capital outlay.

Over the past several years, the Wastewater Funds unreserved net assets have depleted significantly which has resulted in a cash shortage for capital maintenance and improvements. St. Charles Parish however was approved for a $\$ 6.5$ million, $0.95 \%, 20$ year, DEQ loan in 2011, which has provided much needed funding for significant capital improvement to the Wastewater department, specifically to its two Treatment Plants located on the East and West Bank of the Parish, as well as vital upgrades to six of its major sewer lift stations. As of November 18, 2013, the department has utilized $\$ 4.6$ million of the total \$6.5 million, with the remaining $\$ 1.9$ million to be utilized in the remainder for 2014.

The Administration is currently in the process of creating a non-domestic sewer program to bring in additional revenues for the Wastewater department, with the object being to charge the commercial users of the Parish Sewer System an additional fee due to more usage. Currently, all customers are charged the exact same rate. In meeting with neighboring Parishes who have adopted a similar plan for their system, this type of program has brought in nearly $\$ 1$ million per year in some cases. With the program still in its developmental stages, the administration decided to budget $\$ 250$ thousand for 2014.

## Waterworks User Fee

The water works user fee is estimated to produce $\$ 9.5$ million in 2014. This fee, along with Service Fees, Collection fees, Delinquent Charges, Billing Fees, as well as Hazard Mitigation grants, will provide for capital improvements and the operation and maintenance of the Water system.

## Solid Waste Collection and Disposal Fee

This revenue is derived from the residential solid waste collection and disposal fee. The total revenues from solid waste user fees are expected to be $\$ 3.55$ million in the year 2014 and are accounted for in a separate Enterprise Fund (Solids Waste Collection and Disposal Fund).

## Fund Balance

Fund balance is defined as the difference between the assets and liabilities of a governmental fund. In the General Fund, fund balance has historically been used as a funding source for recurring operations of the various governmental funds as well as varying amounts for nonrecurring projects.

The 2014 General Fund includes the use of $\$ 27.7$ million of fund balance. The 2014 General Fund includes $\$ 23.2$ million as a source to provide for capital improvements and capital outlay, $\$ 20$ million of which are transfers related to construction of the West Bank Hurricane Protection levee as well as capital projects for the Recreation department. These transfers represent approximately $34 \%$ of total General Fund sources. The projects funded through fund balances are detailed in the Budget Message.

The 2014 Special Revenue Funds (in aggregate) include the use of $\$ 9.1$ million of fund balance mainly as a source to provide for capital improvements and capital outlay. Capital Outlay represents approximately $24 \%$ of Special Revenue Sources. The primary contributors to fund balance usage are the Parish Transportation Fund, Road Lighting Fund, Roads and Drainage Funds, Recreation, Mosquito Control, and the RSVP Funds.

The 2014 Parish Transportation fund includes the use of $\$ 74,500$ of fund balance, or $14 \%$ of its fund balance, which is primarily attributed to the 2014 Road Maintenance Program. The 2014 Road Lighting Fund includes is projected to show an increase of $\$ 119,310$ to its fund balance. This fund is used primarily as a source to provide for electricity for the street lights throughout the Parish. The 2014 Roads and Drainage Fund, the largest of the Parish's special revenue funds, includes the use of $\$ 8.9$ million or $62 \%$ of its Fund balance mainly as a source to provide for capital improvements and capital outlay. For 2014, it is estimated that approximately $\$ 13.4$ million worth of capital projects will be started and or completed, on top of the $\$ 32.3$ million worth of capital projects expected to be completed by the end of 2013, thus bearing a heavy burden on Roads and Drainage's fund balance. Projects of this size cannot be sustained for much longer unless alternate sources of funding can be acquired. The main options for the Parish, should it continue to ramp up capital projects in its Drainage department would be to go out for a bond issue, but at this point in time, going out for a bond issue for capital improvements is not projected to be a choice, at least for the near future. The Parish wants to maintain a secure enough fund balance in its Special Revenue Roads and Drainage Fund, while still being able to complete capital projects. Over the past few years, capital projects in the Parish has increased dramatically, which is directly attributed to the increase in Sales Taxes witnessed as a result of Hurricane Katrina and most recently due to the large plant expansions that took place within the Parish in 2011/2012. In keeping with the Parish plans for temporary increases, the Parish will continue to only pursue one time capital projects that any additional funds can be best used for. The Parish expects a continuing tapering off of Capital projects in the next few
years especially considering the current state of the national economy, which is also why going out for any sort of bond issue to fund significant capital projects is on hold at this time.

The Parish Recreation fund includes the use of $\$ 114,244$ or $49 \%$ of its fund balance, mainly as a source to provide much needed services to the Parish as well as capital outlay. With Recreation, along with Roads and Drainage utilizing greater than $45 \%$ of their own Fund balance to operate their programs, additional funding sources will need to be found or services will need to be cut, especially for Roads and Drainage in that $62 \%$ of its fund balance is being utilized. As the Recreation department currently has no funding for Capital Outlay, a transfer of over \$100 thousand from the General Fund to Recreation for Capital Outlay has been budgeted for 2014, but transfers for capital projects every year cannot continue, especially considering the $\$ 2$ million transfer from 2013 that will take place by year end, compounded by the fact that Sales Taxes revenues, which have provided the additional one time funding decreased tremendously in 2013 and are further decreasing in 2014.

The use of fund balance as a source of financing current operations has been both recurring and planned in recent years. Conservative revenue estimates generate a fund balance, which allows the government to spend monies after it is assured of their collection. This philosophy of money management creates a situation that should prevent the need for drastic budgetary adjustments that could result in the severe curtailment of vital services or undue uncertainty and hardship in the workplace. With the percentage of Fund Balance usage increasing from year to year though, alternate sources of funding will need to be acquired or necessary adjustments and cuts will have to be made.

On November 22, 2010, the St. Charles Parish Council adopted an ordinance establishing a minimum General Fund Balance of 5\% of total budgeted governmental fund expenditures for the succeeding year be maintained at all times with a base reserve of no less than $\$ 7$ million within the General Fund. Included in the 2014 Budget is an ending General Fund Balance of $\$ 7.1$ million, which is approximately $\$ 144$ thousand over the base reserve. This projected ending fund balance will be required to be monitored throughout the 2014 year so as to not drop below the newly enacted bottom line reserve.

## Capital Projects

As previously discussed, with the increases in sales tax revenue witnessed over the past several years, thus providing additional one time revenues which may or may not have been anticipated, the Parish has thus employed a method of accomplishing one time capital projects via the additional funds collected. The major capital projects by department are listed throughout the budget after each account's budget summary. As there are too many projects to discuss, this area will be devoted entirely to those large one time projects by fund, therefore each project discussed will be broken down by fund below, i.e. General Fund, Special Revenue Funds, Capital Project Funds, and Enterprise Funds.

## General Fund Capital Projects:

For 2013, there are approximately $\$ 6.1$ million of Capital Projects budgeted, the largest of which are the $\$ 4.2$ million set aside for the construction/renovation of the $3^{\text {rd }}$ Floor Courthouse for much
needed office space. The remaining projects for 2013 within the general fund represent the normal year to year projects and thus can be located behind each summary.

## Special Revenue Funds - Capital Projects

For 2013, there are approximately $\$ 13.4$ million of Capital Projects budgeted for all Parish Special Revenue funds. The majority of these projects are budgeted in the Parish’s Roads and Drainage Fund, which also represents the Parish's largest department, Public Works. The Road’s and Drainage Fund accounts for approximately $\$ 8.4$ million of the total budgeted capital outlay for the Special Revenue Funds. As significant detail is provided in the budget books on the specific projects this total represents, similar to the General Fund capital projects, specific attention will only be given to the larger projects in this section.

The Road's and Drainage fund is separated into four accounts: Flood Control, Paved Streets, Sidewalks and Crosswalks, and Drainage, with Drainage being the largest. The significant capital projects can be found in Paved Streets, Sidewalks and Crosswalks, and of course Drainage. The largest capital project in Paved Streets is $\$ 3.3$ million set aside for the repaving of Ormond Boulevard (note $80 \%$ of this total is provided in the form of a grant). Also included is $\$ 700,000$ the 2014 Road Maintenance Program. On top of this amount set aside for Road Maintenance in Paved Streets, the Parish Transportation Fund also has set aside \$575,000 for the 2014 Road Maintenance Program, of which $\$ 500,000$ is provided via annual state funding. This program simply represents the numerous road overlay, patching and paving that the Parish performs each particular year. The largest account - Drainage has $\$ 8.4$ million budgeted for capital outlay. The majority of these projects are related to the engineering of the Westbank Hurricane Protection levee, pump station improvements, drainage improvements, and canal stabilizations. For further detail on these projects, please look under the special revenue section of the 2014 Budget book, for narrative explanations of the Capital Outlay.

The Recreation Fund is the only other Special Revenue fund with large Capital Projects. In total, the Recreation fund accounts for $\$ 190$ thousand of the total $\$ 13.4$ million budgeted for Capital Outlay in the Special Revenue Funds. The largest of the capital projects in this fund relates to $\$ 100,000$ for St. Rose Park improvements.

## Capital Projects Funds - Capital Projects

For 2013, there are approximately $\$ 26$ million of Capital Projects budgeted for all Parish Capital Projects Revenue funds. The majority of this amount is attributed to the West Bank Hurricane Protection Levee fund. A total of $\$ 24.9$ million is budgeted to go towards the construction of the West Bank Hurricane Protection levee. $\$ 19.7$ million of this total represents funds transferred directly from the Parish General Fund. The estimated total project cost is around $\$ 500$ million.

The other primary Capital Projects fund is the Parish's Front foot Assessment fund and recreation Facilities Construction fund. The Front Foot Assessment fund has \$518 thousand budgeted for the repaving of Ormond Boulevard and \$575 thousand is budgeted for capital outlay in the

Recreation Facilities Construction fund for park improvements to Bayou Gauche, Boutte, Hahnville, Destrehan and St. Rose Parks. Both of these capital projects fund consist of funds collected from residents and or developers and the funds collected can only be used in the particular area where they were collected and for the specific projects they were collected for, in this case, concrete replacement and overlay in regards to the Front Foot Assessment fund and park improvements in the areas mentioned above for the Recreation Facilities Construction fund.

## Enterprise Funds - Capital Projects

The capital projects for 2014 within the enterprise funds represent the normal year to year projects that are pursued by the Waste Water and Water Works departments, and thus can be located behind each fund's narrative capital summary.

V.J. ST. PIERRE, JR.

PARISH PRESIDENT
September 26, 2013

To: The citizens of the Parish and members of the St. Charles Parish Council
In accordance with Article V, Sections B and C of the St. Charles Parish Home Rule Charter, I am pleased to submit the balanced 2014 Consolidated Operating and Capital Budget.

This document follows an intensive examination and review process that began in May of this year. It is a reflection of the financial plan for providing essential governmental services to the public for 2014. Our community is growing and the Parish must be able to meet the increased demand for services. Unlike a private business, St. Charles Parish has a broad range of responsibilities in providing these services. This budget covers these responsibilities and addresses the needs of the citizens of our Parish.

The priorities I have incorporated into this document are as follows:
All Parish employees will work in a safe environment where each department is adequately staffed, trained, and equipped to effectively carry out their duties.

Drainage, streets, road lighting, and other infrastructure will be well maintained.

The water and sewer system will meet the environmental needs of the Parish.
The Parish's Judicial System, prison and volunteer fire departments will be adequately supported to provide a safe community for our citizens.

Parish parks will be maintained to provide recreational opportunities for our citizens and meet or exceed the national standards recommended in the Recreation Master Plan.

Development of business enterprises will be encouraged to provide economic opportunities for our citizens.

To the extent permitted by our remaining resources, quality-of-life projects will be pursued.

The St. Charles Parish 2030 Comprehensive Plan will serve as a guiding document for Parish policies and priorities.

Flood and hurricane protection for the entire Parish will remain a priority to protect the lives and property of our residents.

## BUDGET OVERVIEW \& HIGHLIGHTS

The summary of the operating and capital budget for governmental funds for 2014 includes revenues and other financing sources of $\$ 92.8$ million plus estimated fund balances carried over from 2013 (beginning fund balances) of $\$ 60.6$ million and expenditures of $\$ 131.1$ million. The summary of operating and capital budget for proprietary funds includes revenues of \$24.2 million, cash expenses of $\$ 22.4$ million and non cash depreciation expenses of $\$ 5.9$ million.

Sales tax collections equal $42 \%$ of budgeted revenues, and ad valorem taxes equal $36 \%$ for governmental funds. The remaining sources of revenue for governmental funds are shown below.

## 2014 Sources of Funds (Excluding Internal Transfers)

User fees provide $92 \%$ of the revenues in proprietary funds. The remaining $8 \%$ comes from transfers from the General Fund, Bond Proceeds, Grants and interest earnings.

Ad Valorem tax revenues are expected to maintain their average annual increase in next three years with an anticipated $4 \%$ increase in 2014. Due to the impact of the Biggert-Waters National

Flood Insurance Program reforms, property assessments in the severely impacted areas were reduced and the foregone revenues have been acknowledged in this budget. Nevertheless, according the the Assessor for the Parish the ad valorem tax revenues are projected to increase significantly by 2016 which will result in both an increase in both annual revenues and bonding capacity for capital project needs.

Over the past ten years, the Parish's sales tax collections have varied by as much as $24.5 \%$ in the Parish's favor as well as $22.9 \%$ against the Parish. The volatility of sales tax collections is primarily due to the varying industrial activity in the Parish and in recent years, the current state of the United States Economy. The Parish's sales tax collection office expects a significant decrease in Sales Taxes for the 2014, which is over and above the large decrease witnessed in 2013.

After witnessing record highs in Sales Tax revenues in 2012, thus allowing the Parish to complete such large capital projects as the Edward A. Dufresne Community Center and the New Parish Emergency Operations Center, Sales Tax revenue swung the other direction in 2013 as the major plant expansions that took place in 2012 came to a close. As mentioned in previous budget messages, the increasing one time trends in Sales Tax revenues cannot be relied upon year in and year out, especially considering the current state of the National Economy, thus those funds were devoted to capital projects, which are generally one time in nature, versus using the additional funds for general maintenance and operation of the Parish.

## ST CHARLES PARISH HISTORY OF SALES TAX COLLECTIONS

| Year |  | Collections | \% Change |
| :---: | :--- | ---: | ---: |
| 2005 | Actual | $24,488,947$ |  |
| 2006 |  | $28,935,942$ | $15.37 \%$ |
| 2007 |  | $29,571,280$ | $2.15 \%$ |
| 2008 | $32,221,164$ | $8.22 \%$ |  |
| 2009 | $32,710,536$ | $1.50 \%$ |  |
| 2010 | $28,288,787$ | $-15.63 \%$ |  |
| 2011 |  | $31,081,468$ | $8.99 \%$ |
| 2012 |  | $41,172,166$ | $24.51 \%$ |
| 2013 | Projected | $33,496,234$ | $-22.92 \%$ |
| 2014 | Budgeted | $28,829,539$ | $-16.19 \%$ |

In addition, considerable financial resources and staff time have been incorporated into the 2014 budget due to the regulatory and financial burden placed on St. Charles Parish by FEMA's remapping of the Flood Insurance Rate Maps and subsequent appeal, the Biggert-Waters 2012 Reform Act, participation in the Levee Accreditation Mapping Procedures (LAMP) Process, and increased need to construct both the Westshore and West Bank flood protection systems.

Throughout this budget message, I have made comparisons to the Parish's 2012 financial information because it is the most recent audited financial information available. Expectations of
the estimated 2013 financial information, the original 2013 budget and the proposed 2014 budget are also presented herein.

## GENERAL FUND

The actual ending 2012 General Fund balance of $\$ 42.8$ million was approximately $\$ 2.7$ million higher than that of 2011. The ending fund balance for 2013 is estimated to be $\$ 34.9$ million. The 2014 budget includes $\$ 27.7$ million of expenditures in excess of revenues budgeted which will leave an ending fund balance of approximately $\$ 7.1$ million. Included in these expenditures are transfers totaling $\$ 20$ million. The largest transfer of $\$ 19.7$ million is budgeted for the West Bank Hurricane Protection Levee construction fund, while $\$ 100$ thousand is budgeted for Capital Outlay for the Recreation Department. Other transfers include the following operating subsidies: \$200 thousand for RSVP and $\$ 65$ thousand for Solid Waste.

Year 2014's budgeted revenues are not enough to cover the budgeted expenditures. This will require the use of accumulated fund balance to fund a majority of the projected expenditures. While the 2014 budget reflects a decrease in the accumulated fund balance of several funds, several major projects have been announced by our local industries that are expected to result in considerable sales tax revenue increases in the budgets of 2015 and 2016 and will allow this and future Administrations to increase fund balances in future years.

For several years, the General Fund has not been able to recoup indirect costs from several funds because of their financial condition. In 2012, over $\$ 1.9$ million was not reimbursed from Waterworks, Wastewater, Roads and Drainage, and Recreation. Another \$296 thousand was not reimbursed from the Workforce Investment Act fund.

The General Fund is heavily dependent upon sales tax revenue as a funding source. Currently, forty-two percent ( $42 \%$ ) of its revenue is derived from sales tax. Sales tax revenue can vary significantly from year to year as can be seen in the schedule above. For this reason a sufficient fund balance must be maintained in the General Fund to continue current operations during periods of economic downturn. I recommend that the General Fund' fund balance not be allowed to be reduced any further even though the Parish Council approved Ordinance No. 10-11-15 on November 22, 2010 establishing an minimum required fund balance of no less than $\$ 7$ million, I strongly believe we should not let the balance get that low. In keeping the General Fund balance at $\$ 7.1$ million, it allows us breathing room in case of an emergency such as a hurricane or man-made disaster. Hurricane Isaac alone is estimated to cost the Parish upwards of $\$ 4.5$ million. I would encourage the Council to keep this in mind when reviewing the budget. We should consider ourselves very fortunate to be in the situation we are in especially when considering the current state of the National Economy where Public Agencies with any sort of reserves are in very short supply.

It should be noted that the General Fund is providing seventy-three (73) percent of the cost of the Summer Feeding Program. This program was started with Federal funds many years ago. In 2013, approximately $\$ 21,730$ was received in Federal funds and the General Fund provided approximately $\$ 52,968$ for a total cost of $\$ 74,698$. Of this total, $\$ 21,384(28 \%$ of total expenses) was paid to the St. Charles Parish School Board for use of busses, schools and a per meal fee. Approximately 7,928 meals were served at a cost of $\$ 11.04$ each. Changes in this program will be required if it is to be continued.

In addition to the transfers mentioned above, the other major allocations included in this budget are funding of $\$ 1.5$ million for Emergency Preparedness, $\$ 7.6$ million for operating and maintaining general governmental buildings, including $\$ 4.2$ million for converting the old jail into much needed office space, $\$ 3.1$ million for Planning \& Zoning, CZM and Building Codes, $\$ 2.1$ million for the District Attorney's Office, $\$ 1.7$ million for the Sheriff's Office, including the feeding and housing of parish prisoners, and $\$ 1.5$ million for $29^{\text {th }}$ Judicial District court system.

The requested budget for Personal services in the General Fund is decreasing approximately $\$ 1.3$ million from the 2013 original budgeted amount.

## GASB 45

In 2004, the Governmental Accounting Standards Board (GASB) released Statement 45 (GASB 45 ) concerning health and other non-pension benefits for retired public employees also referred to as "other postemployment benefits". The Parish was required to implement this new standard in its 2008 financial statements. This rule requires the Parish to report its annually accruing cost of future health benefits for retirees whether they have provided the funds to offset the cost or not. The premise is to report the current cost associated with the employees working years that is paid out after they retire. This rule does not impose regulations on the Parish as to 'how' we should fund retiree health benefits, it does however govern the rules that auditors must follow in providing opinions on the reliability of our financial statements.

During the 2013 budget process, a portion ( $\$ 2.5$ million) of the amounts actuarially determined to fund the Parish's postemployment benefits without changing those benefits was approved and a formal trust was created. To actually fund our total obligation; the Parish would be required to reserve approximately $\$ 13.1$ million to reach our current obligation. Also note that the $\$ 2.5$ million start up amount was from the General Fund; as we begin to further fund the obligation, the cost will be spread out over all departments based on employees and thus will impact all governmental and proprietary funds. There are several reasons why we should fund the entire amount when available funds are secured. Those reasons are:

- Funding results in a reduction in costs over time as investment earnings would supplement employer and employee contributions for retiree health costs.
- Funding helps secure expected benefits for employees by creating a pool of assets strengthening the ability to continue to offer benefits over time.
- Funding contributes to higher bond rating as bond rating agencies monitor the funding status of the retiree health program, and help determine the interest rates paid on debt.

As noted above, in 2013, a formal trust (The St. Charles Parish Retiree Benefits Funding Trust) was set up thus allowing the investment earnings from the trust to supplement employer and employee contributions over time. Given the drop in sales tax numbers for the current year, the Administration has not budgeted any additional funds to go towards the trust for 2014. However, it is the administration's plan to budget at a minimum $\$ 2,500,000$ spread across all departments in the 2015 budget. The administration is also currently reviewing ways to limit our future liability.

## SPECIAL REVENUE FUNDS

It is estimated that the fund balance of the Parish's Special Revenue Funds will decrease by approximately $\$ 9.1$ million from the projected end result for 2013. Expected revenues budgeted for 2014 are not sufficient to cover recurring expenses and capital outlay. Accumulated fund balance is therefore being used to fund capital projects. Proposed capital expenditures for 2014 are approximately $\$ 14.4$ million, which is nearly $60 \%$ less than the budgeted result for year ending 2013. The fund balances previously used for capital outlay have been used for drainage, road, and recreation projects.

Please note that new Funding sources for capital outlay will be required to continue implementation of the master drainage plan. The increased sales taxes experienced in recent years were used for several of these projects; however, it does not begin to address the drainage issues in this Parish. It should also be noted that we are currently budgeting approximately $\$ 32.3$ million of Roads and Drainage projects to be completed by the end 2013 with another $\$ 13.4$ million budgeted for 2014 . Should these projects be implemented, the unrestricted fund balance will be depleted to approximately $\$ 5.5$ million, down from the $\$ 14.4$ million expected to remain as of $12 / 31 / 2013$. It is important to note that considerable funding has been budgeted to continue the permitting, design, and construction of the Westbank Hurricane Levee system. In addition, in 2013 St. Charles Parish became the governing authority of the Sunset Drainage District and has invested and budgeted over $\$ \$ 1.6$ million in pump station improvements and equipment upgrades.

The Roads and Drainage M\&O Fund is also heavily dependent upon sales tax revenue as a funding source. Over fifty-seven percent (57\%) of the revenues expected in 2014 are estimated to come from sales tax. Since sales tax revenue can vary significantly from year to year, a sufficient fund balance must be maintained to continue current operations during periods of economic downturn. Although Sales taxes increased significantly in 2012, which was primarily attributed to onetime expansions at DOW Chemical, Valero, and the Monsanto facilities, Sales taxes fell drastically in 2013 and are budgeted to decrease even further in 2014. As such, these spikes in Sales tax revenues cannot be relied on. Therefore, it is imperative that the fund balance in this fund should be held at a level high enough to cover emergency expenditures, including flood and hurricane events, but also to help the Roads and Drainage Fund weather the storm of economic uncertainty.

A recent development concerning the documentation of best practice standards for pump stations as provided by the Federal Emergency Management Agency (FEMA) could very well result in significant costs to the Roads and Drainage Fund, which would be on a perpetual basis. Since those costs are unknown at this time and most likely, if implemented would not take effect until late 2014, the Administration has decided not to budget a general figure for these likely costs, rather we decided to keep the unreserved fund balance as high as possible to not only cover these costs but also provide a safety barrier for emergency expenditures. In addition, additional spending on the levee design, permitting, and construction is occurring at the same time as the Parish participates in the LAMP process and appeals the FEMA Flood Insurance Rate Map. These urgent and vital projects and processes will continue to be a priority of the Departments of Public Works and Coastal Zone Management.

As the Roads and Drainage Fund represent the Parish's largest single department, it will also be impacted significantly by GASB 45 . The Public Works Department currently employs 173 individuals and thus stands to bear a significant portion of the $\$ 13.1$ million current obligation for our net post employment benefit obligation. As previously mentioned, only $\$ 2.5$ million of the total obligation was budgeted in 2013. Beginning with the 2015 budget, amounts will be budgeted across all funds with a goal of at least $\$ 2$ million budgeted in the Roads and Drainage Fund, which is yet another reason to maintain a high fund balance to cover such costs.

Grass cutting and field maintenance consumes the largest portion of the Department of Parks and Recreation's budget. New parks and responsibilities are added with each new subdivision. The Department maintains over 320 acres of parks and ball fields at approximately 51 locations throughout the Parish. The department's budget includes estimated expenditures of $\$ 3.7$ million, including $\$ 291$ thousand of Capital Outlay. These expenditures are $\$ 114$ thousand above the revenue that is expected to be generated in 2014. As a result of this deficit, there is a budgeted $\$ 100$ thousand transfer from the General Fund to Recreation. The Recreation program is a vital service to citizens of all ages in our Parish and we must work to maintain its core programs within the budget constraints.

Contributions from the General Fund are now higher than the funding provided by the state and local grants for the Retired Senior Volunteer Program. This budget includes a subsidy of $\$ 200,000$.

Expenditures in the Road Lighting Fund have increased over the years due to the increased cost of lighting and the increased capital needs in our growing Parish. It is estimated to have an ending fund balance of $\$ 2.3$ million.

Expenditures in the Mosquito Control Fund have also increased. The cost of increased surveillance, suppression for encephalitis, and the West Nile virus are primarily responsible for these increases.

Personal Services in the Parish's Special Revenue Funds are expected to decrease by $\$ 409$ thousand from that originally requested in 2013. All Special Revenue funds are budgeted to provide an acceptable level of service to the public during 2014 and ending fund balances met the minimum recommended level, with the exception of Retired Senior Volunteer Program. However, to insure sound financial operations and capital improvements, changes are required for some of the Special Revenue Funds. Long term capital improvement funding for Roads and Drainage must be obtained, and the functions of the Department of Parks and Recreation, Mosquito Control and Retired Senior Volunteer Program must be maintained within budget constraints.

## CAPITAL PROJECT FUNDS

Ending fund balance in the Parish's Capital Project Funds is expected to decrease to $\$ 1.6$ million by the end of 2014. Included in the 2014 Capital Outlay expenditures are $\$ 24.9$ million for the construction of the West Bank Hurricane Protection. The levee is of extreme importance to the West Bank of our Parish and even though its total cost is far beyond the capacity of our Parish we must continue to work for its permitting and construction. To date, the engineering firm responsible for acquiring the required permits for the West Bank Hurricane Protection Levee estimates that the total cost to construct the levee with one hundred year protection will be over $\$ 500$ million.

Proceeds of the 1996 one percent sales tax bond issue and the Public Improvement Sales Tax Bond Construction Fund are now depleted. In previous years, this money funded projects addressing the major drainage problems identified by the Master Drainage Plan and Wastewater projects. As you are aware, this has not solved all of the Parish's drainage problems, but it has afforded some degree of relief to a number of our Parish's citizens. Funding to implement the remainder of the master drainage plans' recommendations far exceed the Parish's current financial capabilities and further construction will require additional funding sources.

## DEBT SERVICE FUNDS

The Parish's Debt Service Funds were established pursuant to the provisions of bond resolutions for the exclusive purpose of retiring the debt of various Parish bond issues. The budgets are self explanatory in nature.

## ENTERPRISE FUNDS

For years the Solid Waste Collection \& Disposal fund was self-sufficient by utilizing customer service charges to fund the program. The Parish's businesses and industry were not burdened with additional ad valorem or sales taxes to pay for a service they were not using. Rate adjustments as recommended in past budget messages were not always implemented, therefore, the General Fund had to subsidize this fund $\$ 1,041,000$ between 2002 and 2014.

Only half of the Wastewater rate adjustments recommended by the 2005 and 2006 Wastewater rate studies were implemented, due to the hardship adjustments have caused our citizens. Therefore the Wastewater system has not reached the full $15 \%$ residual. This has caused a corresponding decrease in the Wastewater Funds unreserved net assets. In July 2013 however, the administration implemented the second of three Fifty-Seven cent per one thousand gallon used Wastewater rate adjustments, with the final adjustment to take place in July 2014. As operational expenses continue to mount for the Wastewater Department with continued need for capital improvements to maintain the current system, and due to the fact that a rate adjustment had not been implemented since 2007, the administration deemed it vital to implement this series of adjustments with the intention of minimizing the disparity between revenues and expenses for the department, as well as provide some funding for capital outlay.

The administration is also working to establish a Non-Domestic Sewer Program to maintain a safe and sanitary wastewater system. The current estimates for additional revenues provided by the Non-Domestic Sewer Program are $\$ 250,000$ for 2014, which is expected to double in 2015. This new stream of revenue will not solve all of the department's funding issues, but it is definitely a step in the right direction. For many years, the General Fund has had to subsidize the Wastewater Fund in order to meet annual expenditures. However, over time this subsidy has been reduced and is forecast to be eliminated in the next three years.

The new reporting requirements of GASB 54 dictate the separation of Net Assets into four different groups: Amount invested in Capital Assets Net of Related Debt, Restricted for Debt Service, Restricted for Capital Projects, and Unrestricted. Over the past several years, the Wastewater Funds unreserved net assets have depleted significantly which has resulted in a cash shortage for capital maintenance and improvements. In 2011, the Parish received approval for a $\$ 6.5$ million, 0.95 percent 20 year loan from LDEQ for the purpose of repairing 6 Lift Stations Vital to the Parish, as well as major repairs for the Parish's Eastbank and Westbank WasteWater Treatment facilities. The principle and interest payments on the this loan will be subsidized from the General Fund at an amount of approximately $\$ 360,000$ per year, which is included in the $1 / 2 \%$ Public Improvement Sales Tax Bond Reserve Fund. As of September 20, 2013, the Parish has utilized $\$ 4.6$ million of this loan for Capital Outlay, and expects to utilize the remaining $\$ 1.9$ million in the remainder of 2013 and 2014.

## PERSONAL SERVICES

Personal Services, wages and benefits, are budgeted to decrease $5.7 \%$ in the governmental funds and $2.6 \%$ in proprietary funds over the original budget for 2013. Also included in this budget is a $1.1 \%$ cost of living increase for our employees and up to $3 \%$ in merit raises for eligible employees.
Medical insurance benefits for Parish employees have increased approximately $152 \%$ from 2000 to 2012. In 2000 , the Parish paid $\$ 488$ per month for family coverage and is currently
paying $\$ 1,120$ per month. That is an additional $\$ 7,584$ per employee with family coverage. This year an employee pays only $\$ 149$ (average) per month for family coverage and $\$ 59$ per month for individual coverage.

The Parish's contributions for the Parochial Employees Retirement System have also increased. In 2003 the Parish paid $7.75 \%$ ( $\$ 1.1$ million) for employee retirement contributions. The percentage has increased over the years and is $16.75 \%$ for 2012 and $16 \%$ for 2014. The 2014 cost to the Parish is estimated to be $\$ 3.58$ million.

I know that our employees are our most important asset and I will always keep them and their well being in mind through every budget process.

## FUTURE REQUIREMENTS

The goal in preparing this budget was to provide the same level of Parish services without increasing taxes. However it is important to note that in doing so, the fund balance of the General Fund and the Road and Drainage Maintenance and Operations Fund have been drawn down considerably. There are still millions of dollars of drainage improvements that are necessary along with Wastewater and Water system improvements. Funding for these projects must be secured before these improvements can be budgeted. I think it is vital that we budget the funds for these projects now, as opposed to delaying them, which could possibly lead to higher costs and thus a greater drain on the fund balance. In addition, investment in full comprehensive flood protection for all of our residents must continue to be a top priority of this government.

Final decisions in budgetary matters belong, quite properly, to the Legislative Branch. On the way to those final decisions, I hope that you will find our work in proposing this budget to be intelligent, honest, cooperative and helpful.

In closing, I want to thank the staff of the Finance Department, the Finance Director, the Chief Administrative Officer, and other department heads and staff who worked with us for their dedication and cooperation in preparing this proposed budget. My staff and I stand ready to answer your questions as best as we can and we look forward to working with you to make 2014 another great year for St. Charles Parish.

The below information represents the current goals and accomplishments of the current administration and will serve as a guide for all reviewers of the 2013 budget for the Parish of St. Charles.

## Mission Statement

Our mission is to provide high quality, efficient services to sustain and enhance the quality of life for all residents of St. Charles Parish.

## Goals

- To expedite the construction of a West Bank hurricane protection levee.
- To create responsible, accessible and responsive government that has sound financial and administrative practices.
- To establish a well-maintained and future-oriented infrastructure with emphasis on effective drainage.
- To establish predictable, compatible land uses through zoning and comprehensive planning.
- To develop a comprehensive parks and recreation program that provides an array of services for all citizens.
- To build a diverse economy with the ability to sustain during economic changes.
- To promote a parish that is safe, environmentally conscious and provides cultural and aesthetic enjoyments.
- To develop a work place that attracts and retains committed, self-directed and creative team members as its workforce

## Accomplishments

- The parish is completing final engineering design of Phase II (Willowridge) of the West Bank Hurricane Protection levee, including geotechnical soil borings, and expects to go out for bid on construction in early 2013. The parish has obtained all land and rights-of-way for construction, with the final step being the resolution of a conservation easement south of Willowridge.
- The 2013 parish budget includes $\$ 25$ million for levee work, with the parish being approved for nearly $\$ 12.5$ million from the state for levee and pump station work.
- Permitting for Phase III (Ellington) is in the final stages, and Phase I (Magnolia Ridge) is being re-permitted with the intent to limit standing water and flooding for property owners along the east side of Magnolia Ridge Road.
- The Parish has made it a priority to construct a levee that is at or above FEMA standards to protect all West Bank citizens from tidal flooding and reduce insurance rates.
- The St. Charles Parish Public Information Office began production of a monthly employee newsletter, which features news and information on government department activities, workplace
policies and more. It is distributed with all employee check stubs and is a valuable in-house communication tool.
- The parish unveiled a mobile version of its website, making it easier for citizens to connect with parish government while on the go.
- The Waterworks Department in early 2012 unveiled its new paperless billing option. Water usage in 2011 was up 76.3 million gallons, or 3.2 percent, compared to 2012, with total sales up 4.3 percent.
- Approximately 8,600 feet of cast iron water main was replaced along Highway 631 in Paradis. This project improves water quality, flow and pressure for the community.
- The Geographic Information Systems Office continues to add information daily to an electronic mapping system that includes parish utilities, elevation, zoning and other data needed by parish departments, most importantly Public Works.
- The Finance Department boasts two Bureau of Governmental Research award recipients in J. Charles Oubre III and Ellen Cancienne, who both have more than 25 years experience with parish government as accountants.
- The Parish website was named one of the 112 most transparent government sites in the nation again in 2012, with an A+ rating and subsequent Sunny Award.
- Construction was completed on an upgrade to Boutte's Eighty Arpent pump station, which helps drain parts of old Luling and Boutte. Two new diesel-driven 48 -inch pumps were installed, adding an additional pumping capacity of 290 cubic feet of water per second. The changes will mean a 43 percent increase from the station's current capacity of 670 cfs , with eight pumps total. Eight new automatic bar screen cleaners were also installed. The $\$ 6.9$ million project was funded through a FEMA Hazard Mitigation grant.
- Parish Public Works crews cleaned and repaired 130,989 feet of ditches and culverts, cleaned 30 miles of canals and added and/or upgraded telemetry equipment at three pump stations in 2011.
- The parish has completed work on upgrades to the Coronado Park pump station in Luling. Two new 18 -inch pumps capable of moving 15,600 gallons of water per minute have been added, and additional drainage structures in the vicinity have been completed. A permanent backup generator has also been installed. The St. Charles Parish Council approved the project in June 2011 at a cost of $\$ 737,000$
- Automatic bar screen cleaners have been added at additional pump stations, including Norco's Engineer's Canal pump station and St. Rose's Dianne pump station. These devices help the stations run at their optimum level by clearing debris from the pump intake.
- Work was completed on sewer upgrades along Acorn and Sharon streets in Boutte. The \$360,000 project to tie this area in to the parish sewer system was funded in part by a Louisiana Community Development Block Grant.
- In Bayou Gauche, contractors are in the process of completing six culvert replacement projects along the No. 10 Canal, which drains area subdivisions. The $\$ 1,077,600$ improvements are funded through FEMA Hazard Mitigation Grants. Work has occurred at Pine Street, Bayou Estates South, Matherne Drive, Pleasant Valley Drive, Dixie Drive and Bayou Estates over the course of several months.
- Work continues on extensions to the Mississippi River Levee Multi-Use Paths, including phases running from East Harding Street in New Sarpy to the Spillway East Guide Levee on the East Bank and the Davis Diversion to the Jefferson Parish line on the West Bank.
- Contractors are improving and relocating the KCS Canal in Montz in order to improve drainage in the area.
- Contractors have completed the installation of new box culverts under Willowdale and Beaupre boulevards in Luling, improving drainage conveyance to nearby pump stations, at a cost of just over $\$ 300,000$. The project was also funded through a FEMA Hazard Mitigation Grant.
- The Planning and Zoning Department applied for and received a \$442,000 grant from Housing and Urban Development for a corridor planning study of Paul Maillard Road. It is a two-year process that will follow the same process as the Comprehensive Land Use Plan.
- Code Enforcement Officers investigate planning and zoning complaints and monitor residential and commercial construction for compliance. In 2011, P\&Z received 1,170 complaints and resolved 940, with 19 cases forwarded to the parish's Legal Department.
- Planning and Zoning issued 67 new residential permits, 145 for additions, 58 for mobile homes, 45 for new commercial buildings and 2 for industrial buildings.
- The St. Charles Parish Department of Parks and Recreation continues a program of smart park upgrades and improved maintenance. They include two ball fields, four pavilions and a walking path at Montz Park; a second outdoor classroom plus fishing pier at Wetland Watchers Park; new lighting at Boutte and Killona Parks; new playground equipment at St. Mark's Ama Park; resurfaced basketball courts and new basketball goals at Ama Grant Park; and new fencing and backstop at J.B. Green Park in Des Allemands.
- The Recreation Department's inclusive Summer Camp program boasted 468 student participants at four campsites. Campers participate in a myriad of educational activities including field trips, swimming lessons and more.
- The department continues to offer recreational opportunities for seniors, including arts and crafts, a fitness program and fishing rodeo. In addition, the department is continuing its new tradition of the annual St. Charles Parish Easter Egg Hunt at the West Bank Bridge Park, with the 2011 event hosting more than 300 participants.
- The Economic Development and Tourism Department launched the iSCP iPhone application, which provides access to parish data for individuals and companies interested in expanding or starting businesses or industry in St. Charles Parish.
- Local government is now sponsoring more than 14 permanent recycling bin locations across the parish for citizen use 24/7.
- The parish dedicated a new animal shelter in 2012, and work began in earnest on the parish's new Community Center and Emergency Operations Center. The latter two projects are heavily grantfunded and will allow the parish maximum flexibility in responding to both natural and manmade disasters and will provide additional office space for EOC, Parks and Recreation, the Retired and Senior Volunteer Program and Community Services. The Community Center will also provide the first-ever parish owned gym space with total square footage of approximately 13,000 .
- The Parish honored 93 employees at its 2012 Civil Service Awards Training Banquet.

St. Charles Parish School Board Comprehensive Annual Financial Report - Statistical Section.
Note: Property of St. Charles Parish is reassessed once every four years on average. The parish assesses property at approximately 10 percent of the actual value of all types of real and personal property. Estimated actual taxable value is calculated by dividing taxable assessed value by this percentage. Tax rates are per $\$ 1,000$ of assessed value.

[^0]

Parish of St. Charles<br>Property Tax Rates<br>Direct and Overlapping Governments<br>Last Ten Years<br>(Unaudited)

Source: St. Charles Parish Tax Collector, 2011 Tax Roll
${ }^{1}$ Overlapping rates are those of local and parish governments that apply to property owners within St. Charles Parish. Not all overlapping rates apply to all St. Charles Parish property owners (e.g. the rates for special districts apply only to the proportion of the government's property owners whose property is located within the geographic boundaries of the special district.)

| Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the parish. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of St. Charles Parish. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government. |  |  |  |  |  |

## GLOSSARY

| 1/2\% Public Improvement Sales Tax Reserve F | A Debt Service fund which was established pursuant to ordinances authorizing the issuance of OneHalf percent Public Improvement sales tax bonds. Monies in this fund will be used in the event suffient sales tax revenues are not available for retirement of bonds in the One-Half percent Public Improvement sales tax sinking fund. |
| :---: | :---: |
| 1/2\% Public Improvement Sales Tax Sinking Fund - | A Debt Service fund which accounts for the retirement of Public Improvement sales tax Refunding Series 2002 bonds dated March 6, 2002. Financing is provided by a One-Half percent Parish sale tax |
| 1/8\% Public Improvement Sales Tax Reserve Fund- | A Debt Service fund which was established pursuant to ordinances authorizing the issuance of OneEighth percent Public Improvement sales tax bonds for the purpose of paying the debt service on One-Eighth percent Public Improvement sales tax bonds in the event sufficient One-Eighth percent sales tax revenues are not available for the retirement of bonds in the Public Improvement OneEighth percent sales tax bond sinking. |
| 1/8\% Public Improvement Sales Tax Sinking Fund - | A Debt Service fund which accounts for the retirement of the Public Improvement Sales Tax Revenue Bonds dated June 1, 2007. Funding is provided by a One-Eighth percent Parish sales tax. |
| 3/8\% Public Improvement Sales Tax Reserve Fund- | A Debt Service fund which was established pursuant to ordinances authorizing of Three-Eighth percent Public Improvement sales tax bonds, the Public Improvement Three-Eighth sales tax reserve fund was established. Monies in this fund will be used in the event suffient sales tax revenues are not available for retirement of bonds in the Public Improvement Three-Eighth percent sales tax bond sinking fund. |
| 3/8\% Public Improvement Sales Tax Sinking Fund - | A Debt Service fund which accounts for the retirement of the Public Improvement Sales Tax Series 2003 bonds dated July , 2003. Financing is provided by a Three-Eighth percent Parish sales tax. |
| Balanced Budget- | A budget for which revenues are equal to expenditures, thus a budget with no deficit but with the possibility of a surplus. |
| Capital Expenditure- | Expenditures creating future benefits. A capital expenditure is incurred when a government spends money either to buy fixed assets or to add to the value of an existing fixed asset with a useful life extending beyond the calendar year. To be classified as a capital expenditure, the item in quesiton must be greater than $\$ 5,000$ in value and have an estimated useful life of a minimum of 5 years. |
| Capital Projects Fund- | Governmental fund used to account for the construction or acquisition of fixed assets, such as buildings, equipment and roads. Depending on its use, a fixed asset may instead be financed by a special revenue fund or a proprietary fund. A capital project fund exists only until completion of the project. Fixed assets acquired and long-term debts incurred by a capital project are assigned to the government's General Fixed Assets and Long-Term Debts |
| Consolidated Waterworks District No. 1 Fund - | A Proprietary fund which is funded through user fees. St. Charles Parish Department of Waterworks has two surface treatment plants (East and West bank) treating Mississippi River water for use by the entire Parish. On average, the department produces 3.2 billion gallons of water annually. |
| Council on Aging Fund - | A Special Revenue fund which is dedicated for the purpose of paying the cost of programs administered by the Council on Aging. Financing is provided by ad valorem tax and investment earnings. |
| Criminal Court Fund - | A Special Revenue fund that was established under Section 571.11 of Title 15 of the Louisiana Revised Statutes of 1950, which provides that fines and forfeitures imposed by District Courts and District Attorney's conviction fees in criminal cases be transferred to the Parish treasurer and deposited into a special "Criminal Court Fund" account to be used for the expenses of the criminal court of the Parish. The statutes also requires that one half of the fund balance remaining in the Criminal Court Fund at December 31, of each year be transferred to the Parish General Fund. |
| Debt Service Fund- | Governmental Fund used to account for money that will be used to pay the interest and principal of long-term debts. Bonds used by a government to finance major construction projects, to be paid by tax levies over a period of years, require a debt service fund to account for their repayment. The debts of special assessment and proprietary funds are serviced within those funds, rather than by a separate debt service fund. |

| Fire Protection Fund - | A Special Revenue fund which is dedicated for the purpose of acquiring, constructing, improving, maintaining and/or operating fire protection facilities and equipment in and for St. Charles Parish. Financing in provided primarily by ad valorem, sales and use taxes. |
| :---: | :---: |
| Front Foot Assessment Project Fund - | A Capital Project fund which accounts for the maintenance and repair of public improvements funded through various front foot assessment programs in the Parish. |
| Fund Balance - | The difference between the assets and liabilites in a governmental fund. |
| General Fund - | The primary governmental type fund of St. Charles Parish Government. All assets and liabilities of St. Charles Parish that are not assigned to a special purpose fund, such as Special Revenue, Propriety, Debt Service or Capital Project Funds are accounted for in the Parish's General Fund. It provides the resources necessary to sustain the day to day activities and thus pays all administrative and operating expenses. It is used to account for the general operations and activities not requiring the use of other funds. |
| Government Building M\&O Fund - | A Special Revenue fund which is dedicated for the purpose of improving, maintaining and/or operating public buildings of the Parish and acquiring, constructing, improving, maintaining and/or operating a 911 emeregency telephone system, including the payment of necessary dispatch personnel. |
| Governmental Funds - | Account for tax supported activities of a Government |
| Health Unit Fund - | A Special Revenue fund which accounts for the financial activities related to improving, maintaining, operating and supporting public health unit facilities in the Parish. Financing is provided by ad valorem tax and investment earnings. |
| LCDBG Public Facilities Construction Fund - | A Capital Project fund which accounts for the portion of costs associated with improvements to and construction of new public infrastructure that are funded throughout the Louisiana Community Development Block Grant program. |
| Modified Accrual Basis of Accounting- | method of accounting that involves recognizing revenue when it becomes both available and measurable, rather than when it is earned. Expenditures are recognized when the related liability is incurred. |
| Mosquito Control Fund - | A Special Revenue fund which is dedicated for the purpose of abatement, control, eradication and study of mosquitoes and other anthropods and all activity incidental thereto. Financing is provided by ad valorem tax and investment earnings. |
| Parish Transportation Fund - | A Special Revenue fund that accounts for the construction, maintenance, and operation of the Parish roads and drainage, and assists in the cost of providing public transit. Financing is provided by the State Parish Transportation Act. |
| Proprietary/Enterprise Fund- | Funds that are used for services provided to the public on a user charge basis, similar to the operation of a commercial enterprise. Water, solid waste, and sewage utilities are the enterprise funds used by St. Charles Parish. |
| Recreation Facilities Construction Fund - | A Capital Project fund which accounts for the construction cost of acquiring land and improving and developing Parish recreational facilities. Financing is provided by recreation fees as set forth in the Parish subdivision regulation ordinance. |
| Recreation Fund - | A Special Revenue fund which is funded primarily by ad valorem tax. It offers a variety of recreational activities for youth, adults and seniors. The department currently maintains an inventory of 60 park sites that are located throughout the Parish; these sites include sport fields, multi-use fields, multi-use paths, playground equipment, boat launches, pavilions, tennis courts, basketball courts, concession stands and restrooms. The department maintains 313 acres of land at these parks, which includes grass cutting, weed control, ant control, maintaining and upgrading of existing structures and facilities, and preparation of athletic fields for our sports programming. |
| Retired Senior Volunteer Fund - | A Special Revenue fund accounts for the financial activities of the program operating under the authority of Title II, Part A, Section 201 of the Domestic Volunteer Service Act of 1973. Financing is provided by transfers from the General Fund, but also from federal, state, local and United Way grant programs. |
| Road and Drainage Fund - | The largest Special Revenue fund, which is comprised of the Parish's Public Works' department. Public Works maintains and improves critical Parish wide infrastructure such as roads, the storm water pumping network and grass cutting on Parish property and right of ways. Over 195 miles of roadways |

Sewer General Obligation Sinking Fund -

Solid Waste Collection \& Disposal Fund -

Special Revenue Fund-
Trust Fund

Wastewater Fund -

Westbank Hurricane Protection Levee Fund -

Workforce Investment Act -
of varying surfaces such as concrete, asphalt and limestone are maintained. Public Works also maintains 48 drainage pump stations, 40 miles of major conveyance canals and 390 miles of drainage dtiches/subsurface drainage. Financing is provided by two primary sources- ad valorem tax and the one-percent sales tax. In addition, it receives funding through grants for capital projects.

A Special Revenue fund that accounts for the maintenance and operation of public lighting within the boundaries of District No. 1. Financing is provided by a specific ad valorem tax and state revenue sharing funds. In addition, the fund received miscellaneous revenues and investment earnings.

A Debt Service fund which accounts for the retirement of the General Obligation Refunding Series 2003 bonds dated December 1, 2003. Financing is provided by ad valorem tax and investment earnings.

A Proprietary fund which is funded through user fees. This fund represents the collection and disposal of solid waste. The services provided are through a third party vendor who provided trash and debris pick-up services twice a week. The contract with this vendor is monitored by the Parish's Contract Monitor's Office.

Governmental funds that account for the use of revenue earmarked by law for a particular purpose.

Trust funds are earmarked for specific programs and purposes in accordance with a statute that designates the fund as a trust. Its statutory designation distinguishes the fund as a trust rather than a special fund.

A Proprietary fund which is funded through user fees. The department maintains approximately 315 lift stations, 67.17 miles of sewer lines, two mechanical treatment plants and one oxidation pond. These treatment facilities have a capacity of 9.3 million gallons per day.

A Capital Project fund which accounts for the cost of mitigation, appraisals, surveying, land acquisition, geotechnical, grubbing and clearing, flowage easements, construction of infrastructure, and other related costs to complete the Westbank Hurricane Protection Levee. Financing is provided through transfers from the General Fund; a Cooperative Endeavor Agreements with the State of Louisiana, Coastal Protection and Restoration Authority; and an Intergovernmental Agreement with the State of Louisiana - Department of Transportation and Development.

A Special Revenue fund that is a grant recipient and administrative entity for the Workforce Investment and St. James. The Workforce Investment Act was established by Public Law 105-220 on August 7, 1998. Funding is provided by grants from the United States Department of Labor through the Louisiana Department of Labor.

ORDINANCE NO. 13-11-10
An ordinance to approve and adopt the appropriation of Funds for the St. Charles Parish Consolidated Operating and Capital Budget for Fiscal Year 2014.
WHEREAS, in accordance with Article V, Section B of the St. Charles Parish Home Rule Charter and Louisiana Local Government Budget Act (R.S. 39:1301 et. seq.) the Parish President has submitted the St. Charles Parish Consolidated Operating and Capital Budget for Fiscal Year 2014 to the St. Charles Parish Council to wit:
